Vets Council Organization Set For Sunday

Legion, V. F. W. And Amvets To Plan Unified Program

The United Veterans Council of Salem, destined to promote better cooperation between the three largest veterans posts in civic and inter-post activities, will be officially formed Sunday afternoon.

The Charles H. Carey Post, American Legion, Salem Amvets Post and Allen K. Reynolds Post, Veterans of Foreign Wars, will send representatives to a joint meeting at 2 p. m. Sunday in the Amvets clubrooms.

The council, which will consolidate mutual interests, has been under discussion for more than a year.

In meetings within the last week, all three posts have accepted plans to join the organization and have elected delegates who, with post officers, will sit on the council.

Post commanders have led formation of the council.

Amvet Commander Ralph Mancuso said the council will enable the veterans organizations to work together on projects of mutual interest and it will help to protect the veterans' rights and interests.

For community programs it will serve as a means of communication between the posts and help to make more concise arrangements in preparation for the event.

V. F. W. Commander Howard McGaffick said none of the organizations is big enough to take on an extensive community project as is sometimes needed but, since the veterans want to work on the projects, through the council they will be able to combine and accept larger responsibilities. He said he is looking to the future when the veterans can undertake welfare projects and child-service programs.

McGaffick anticipates a cooperative unit to handle military burial services for any veterans.

Two Arrested In Kelly Park Burglary

Two more Youngstown men were arrested Tuesday afternoon in connection with the breaking and entering of the Kelly park skating rink, near Leetonia, early Tuesday morning, in which Leonard Dudek, 18, of Youngstown was slightly wounded by a shotgun blast fired by the rink proprietor.

The men arrested yesterday are Henry Zwiczen, 22, apprehended at his work in a steel mill, and William Bales, 19, arrested at his home. The arrests were made by Columbiana county Deputy Sheriff Al Hartman and Leetonia Marshal Henry Gibson, along with Mahoning county Sheriff Paul Langley.

The two were implicated by Dudek, along with a fourth man, who is being sought today by authorities.

Dudek said the four men had driven to the park together, but the other three fled when frightened by the gun shot, fired by Proprietor Earl Marshall. They had taken several pairs of roller skates, but dropped them when they ran to their car. Also taken from the rink office, Marshall reported, was \$60 in cash.

Marshall found Dudek in the rink office and fired his shotgun through the closed door. The birdshot charge inflicted slight flesh wounds to Dudek's abdomen.

Kwiczen and Bales were held in Youngstown last night and were to be brought to Leetonia this morning to face charges of breaking and entering, along with Dudek, before Mayor Fred Galley.

Waterworks Clerk For 66 Years

Nellie Miller, One Of Oldest Municipal Employees In Ohio, To Retire January 1

AFTER 66 years on the same job, Miss Nellie Miller of the city waterworks department has decided to take a permanent vacation.

This week she announced her retirement Jan. 1 from her position as chief clerk in the department after serving since 1881.

Miss Miller has no plans as to her activities when she retires. She plans to rest and take it easy. She is about revealing her age, which is in the 80s, the veteran clerk is believed to be the oldest municipal employee in Ohio.

Her job began in 1881 with the water firm of Turner, Clark and Rawson, for whom she worked for 20 years until the city took over the water administration. Since that date, she has served as chief clerk and is by far the senior city employee.

She was first hired by her brother-in-law, Frank W. Allison, who was superintendent of the water company.

Miss Miller has enjoyed exceptional health through the years and has made countless friends among the Salemites who come

Miss Nellie Miller

to her city hall office to pay their water bills.

She recalls that the original office of the independent water company was on the second floor of a building in the 400 block of E. State st. Later the company erected an office where the High

School now stands. When the city acquired the water firm, the office was moved to its present site, in the council room of the city hall.

Her span with the water department actually covers 68 years, but for two of those years she worked for another firm, having been lured away. She soon returned to her old job, however.

Miss Miller was born in Iowa City, Ia., and was one of a family of two girls and four boys. The family moved east and settled in Salem because her father wanted his children to take advantage of the good schools here. She spent all her years here, living with her sister, Miss Elizabeth Miller, at 249 E. Fourth st.

Miss Miller likes to travel and has taken many summer trips. Her favorite vacation spot is Chautauqua, N. Y. She is an inveterate walker and walks to work every day, a practice to which she attributes much of her good health.

Soft-spoken, pleasant and tactful, diminutive Miss Miller will leave a big gap in the water department office after Jan. 1.

Car Washing Out In N. Y. City

Police Mobilizing Water Wardens To Keep Usage Down

NEW YORK, Dec. 8—(AP)—The world's biggest city doesn't have enough water today to let its residents wash their cars.

As authorities worked to plug the holes in New York's fast-emptying water barrel, new restrictions were imposed to conserve remaining supplies.

All "non-essential" use of water was out, by order of Water Commissioner Stephen J. Carney.

He directed: "All automobile washing be completely stopped."

There is no flooding of tennis courts or filling of pools for winter ice skating.

Cleaning of tiled walls in subway stations be halted for the duration of the shortage.

At the same time, the police department was mobilizing an army of several thousand civilian "water wardens" to canvass homes and urge dwellers to save water.

Wearing armbands marked "police," some wardens already were on the job.

The city has raised the fine for leaky plumbing from \$2 to \$5 for each day of the offense.

The city's upstate and Westchester county reservoirs, sapped by unusually heavy consumption combined with a season of light rainfall, were down to about 88-658,000,000 gallons, about one-third of capacity.

Wildcat Strike Ends At Oak Ridge

OAK RIDGE, Tenn., Dec. 8—(AP)—R. W. Cook, manager of Oak Ridge operations for the Atomic Energy Commission, said today a four-day wildcat strike of construction workers on this giant atomic project site has ended.

"It looks like a wholesale back-to-work movement this morning," Cook said.

He added that all 10 striking crafts of the AFL Knoxville Building Trades Council were represented in the return to work movement at Maxon Construction Co.

Maxon is the government contractor building two new atomic plants here.

"Not all the workers are back as yet, but they are returning fast," Cook said.

Red Cross Plans Christmas Fete

Jaycees To Help Treat Children

Plans for the Christmas party for Salem's less fortunate children were discussed when the Red Cross board of trustees met Tuesday night.

The party, sponsored jointly by the Red Cross and the Junior Chamber of Commerce, will be held at 6 p. m. Thursday, Dec. 22, in the Memorial building banquet room.

Sixty-five children from 5-12 years of age are expected to attend. A full-course turkey dinner will be served and Santa Claus is scheduled for a visit. There will be a present for each child.

Entertainment numbers are being arranged for the after-dinner program. The room will be decorated and a Christmas tree is being secured. Popcorn balls and candy also will be distributed.

Miss Hazel Linn, chapter secretary, today said a number of church groups and other organizations have brought wrapped Christmas gifts to be distributed at the party.

Trustees also discussed further steps in the formation of a Disaster Unit. A list is being made of supplies, including hospital equipment, available ambulances and trucks and probable sites for feeding and housing disaster victims.

Also listed are trained personnel, including members of the motor corps, nurses aid, canteen, first aid workers and staff assistants. Bob Engel is head of the Disaster Unit.

Two Cars Damaged In Collision Wednesday

Two cars were damaged in a collision at the corner of Summit st. and S. Lincoln ave. at 6:55 p. m. Wednesday, police reported.

A car driven by Don J. Callahan of R. D. 3, Salem, drove onto Lincoln from Summit and hit the side of another auto, moving north and driven by Glenn Ritchie of 339 W. Fifth st.

The right front fender was caved in and the right running board broken on Ritchie's car, while the right front wheel was bent and a headlight broken on Callahan's vehicle.

Few Takers For Free Meal In East Liverpool

EAST LIVERPOOL, Dec. 8—Basil Mangano recently offered to provide a free Christmas dinner for all the city's needy.

He said today he has received "hundreds of offers of assistance but only 40 or 50 requests for tickets for the turkey and ham meal."

The auto dealer and garage operator issued a new appeal today for takers. He said he is prepared to feed 500 in his garage and will arrange with restaurants to handle any overflow.

Courts Asked To Close Alliance Spot

COLUMBUS, Dec. 8—(UP)—The state liquor department will ask the courts to padlock the Monte Carlo Club near Alliance, Chief Enforcement Agent Anthony Rutkowski said today.

Rutkowski said he directed Nick Sissler, inspector in charge of the Canton enforcement district, to ask Mahoning County Prosecutor William A. Ambrose to bring padlock proceedings against the club. Four slot machines were found there in an early Saturday raid, he said.

Rutkowski said whiskey and beer also were found in the club, which has no permit and is in a dry township.

Pottery Officials Meet Next Week

The men who manufacture 80 per cent of America's dinnerware will meet in New York City Tuesday and Wednesday to talk over developments in 1949 and look forward to 1950.

It is the 71st annual meeting of the United States Pottery Association, expected to attract 150 pottery executives to the Hotel Astor.

M. C. Sondles, vice president of the Paden City Pottery Co. at Paden City, W. Va., is expected to be named to the presidency under the U.S.P.A.'s traditional policy of elevating its officers.

Mr. Sondles, now first vice president, would succeed Floyd W. McKee of Salem, president of the Salem China Co.

Other officers are: E. L. Torbert, vice president of the Onondaga Pottery Co. at Syracuse, N. Y., second vice president; J. Harrison Keller of the Salem China Co., third vice president, and W. A. Betz of East Liverpool, secretary-treasurer.

Hansell Wins Ohio Bid In Rhodes Test

Salem Man Advances To Regional For Scholarship

Herbert Hansell, 24, son of Mr. and Mrs. Abraham Hansell of 1587 E. State st., was one of two students in a field of 12 from Ohio to win state Rhodes scholarship examinations held in Cleveland Tuesday.

The other was Albert B. Stridsberg, 20, of Cincinnati, who is a senior in Yale college.

Hansell, who is currently working for the law firm of Cravath, Swaine and Moore in New York City, is a graduate of Salem High school in the class of 1943, where he finished among the top 10 students. He is also a graduate of Massachusetts Institute of Technology and of Yale Law school last February.

In high school here he was active as a debater and served as business manager of the school's Quaker yearbook.

He was among the top 10 per cent of his graduating class at M. I. T. He was graduated from both M. I. T. and Yale in a period of five years, the accelerated courses covering seven academic years.

Hansell and Stridsberg will compete Saturday at Indianapolis with 10 other candidates from Indiana, Michigan, Illinois, Kentucky and Wisconsin in regional Rhodes examinations.

From that group, four students will be selected, along with 28 others from seven other regions. The 32 winners will be entitled to two years' study in a field of their own choice at Oxford University, England.

They also have a chance of a third year where their scholarship and plans entitle them to it. They are eligible for any degree granted by Oxford.

The students at Oxford regularly receive 400 pounds (roughly \$1,200) annually as Rhodes scholars. But this grant will be increased by an extra 100 pounds.

Grace Orr Dies; Taught School Here

Miss Grace P. Orr, who for more than 20 years was superintending music in Salem public schools, died at 11:05 a. m. Wednesday at the home of her sister, Mrs. S. A. Hart in Salineville.

Miss Orr retired from teaching duties in Salem, June, 1935.

A daughter of William and Marie Orr, she was born in Salineville. She was graduated from Salineville High School, Illinois State Music School and the New York Philharmonic School. She taught music in Salineville before coming to Salem and also was the director of the Presbyterian choir while in Salem. She came to her sister's home nine days ago from Columbus.

She was a member of the First Baptist church in Columbus and the Travelers Club of Salem.

A sister, the late Mrs. Anna Orr Sapp, was school art instructor at the same time Miss Orr served Salem schools.

Besides Mrs. Hart, she is survived by another sister, Mrs. P. M. Ashford, of Washington, D. C.

Funeral service will be held at 2 p. m. Saturday at the Kerr funeral home in Salineville, with Rev. John Longworth, pastor of the Wintersville Methodist Church, officiating and Rev. A. C. Hickerson, pastor of the Salineville Methodist Church, assisting. Burial will be in Woodland Cemetery there.

Friends may call at the funeral home Friday afternoon and evening.

ATOMIC CHIEF TESTIFIES—Lt. Gen. Leslie Groves, wartime head of the atomic program, tells the House Committee on Un-American Affairs in Washington that he learned within a month after he became chief of the A-bomb project that Russian spies were trying to steal U. S. atomic secrets. Called to tell what he knows about uranium shipments to Russia in 1943, Groves told House spy hunters that he knew of only one batch of uranium compounds shipped to the Russians.

Lewis Awaiting Fresh Signers

Trying To Use Short Week As His Lever

WASHINGTON, Dec. 8—(AP)—With mines producing 7,340,000 tons of coal a year under contract, John L. Lewis awaited fresh signers today as most of his miners took their first day off under the new three-day work week.

The United Mine Workers' leader is trying to use the short work period as a lever against operators still holding fast against his contract demands.

The small soft coal companies in the midwest and south which have accepted his terms since Tuesday have returned to a full five-day week, and Lewis said yesterday that "additional tonnage will sign."

But major coal operators, producing nearly all the 550,000,000 tons mined in a year, still held fast. Lewis would have to crack their solid front before he could claim any important, major gain in the months-old dispute.

The agreements Lewis signed Tuesday and Wednesday with companies in Kentucky, Indiana, Illinois and Ohio call for a 15 cent increase in the welfare royalty, boosting it to 35 cents on every ton of coal produced, and a 95 cent a day pay increase which gives the miner a basic daily wage of \$15.00.

Negotiations between the union and hard coal operators employing 80,000 miners in Eastern Pennsylvania resumed in New York this week, but with little progress to date. The union yesterday denied the hard coal operators request to work a five-day week.

356 To Take Census In Five-County District

The Census Bureau announced today that 399 enumerators will be hired in this five-county Ohio district for the 1950 census.

Working out of a district office, to be established at Steubenville, the staff will cover Columbiana, Carroll, Jefferson, Harrison and Belmont counties.

Besides 356 enumerators, there will be an office staff of 21 and 22 crew leaders.

Trade Minister Says Routine Transaction Went Through U. S.

OTTAWA, Dec. 8—(AP)—Trade Minister C. D. Howe said today a shipment of Canadian uranium oxide and uranium nitrate went to Russia in May, 1943.

In a statement to the House of Commons, Howe said the shipment was valued at \$2,445 and made through normal commercial channels by Eldorado Gold Mines, Ltd., a private firm which sold its uranium-producing property to the Canadian government in 1944.

He said it was treated as a "normal" transaction. Few people knew then that tests leading to the atomic bomb were under way and it was considered wise not to call attention to the project by refusing orders for metals, he added.

The policy in 1943 was to give all possible aid to warring Russia, Howe said.

He said the Russians asked in the normal way for 500 pounds of black uranium oxide and 500 pounds of uranium nitrate to be used in the production of the war. The oxide was to be used in production of armaments, the nitrate for medical purposes.

Howe said a search of the files of the wartime munitions department and of the Eldorado firm disclosed that on May 6, 1943, the then-private Eldorado firm received a request from its agency in New York for a shipment. The order was placed through another U. S. firm.

The Canadian firm was told the destination was Russia and that it would be used for the prosecution of the war.

Eldorado applied to the government for an export permit to export the shipment to the U. S.

This was granted May 11. It had already been ascertained that the U. S. government would grant a license for shipment to Russia.

The shipment went to a Russian official at the Great Falls, Mont., air force base May 22. The payment for Eldorado was deposited in a New York bank.

Howe said all the documents in the matter were found in order and it was treated as a normal transaction.

Hedged On Wallace

NEW YORK, Dec. 8—(AP)—Lt. Gen. Leslie R. Groves, retired, said today he had withheld from former Vice-President Henry A. Wallace secret reports on atomic developments which normally would have gone to Wallace.

Asked whether there was any special reason for not showing the reports to Wallace, the wartime head of the nation's atomic bomb project said "I preferred not to."

Groves made the statements in a telephone interview from Norwalk, Conn. He is a vice president of Remington Rand.

Groves said he showed Wallace one of the reports in the fall of 1943 but none thereafter.

Groves testified yesterday before a subcommittee of the house committee on Un-American activities that neither Wallace nor the late Harry Hopkins used pressure on him to get atomic secrets for shipment to Russia.

Alliance Youth Shot While Hunting Rabbits

ALLIANCE, Dec. 8—Henry Specht, 15, son of Mr. and Mrs. William Specht, remained in critical condition in Alliance City hospital today with a gunshot wound of the abdomen suffered Wednesday at 4:40 p. m. while hunting rabbits.

The boy's companion, Donald Klan, 15, told deputy sheriffs he and Henry were hunting near the Taylor Aircraft Co. off Route 225 when the mishap occurred. He said he attempted to check the safety on his rifle, accidentally touching the trigger. The bullet struck Henry, 50 yards ahead of him.

Santa and the Magician

Chapter 4

PLANNING A TRIP TO SANTA LAND

"MAGIC!" cried the President of the College of Science. "We teach no magic here! Are you trying to make me look silly?"

"Why, no," said Mr. Dilly. "I thought I only meant— But he could not think of the proper words to calm the great scientist. Then he got an idea. He crossed the room and pressed the electric light switch on the wall. At once the room was filled with electric light."

"There," beamed Mr. Dilly. "That's magic!"

He went into the corner where there was a wash basin. He turned the faucet. Immediately water rushed from the nozzle.

"That's magic," cried Mr. Dilly. "Oh," said the president, smiling. "You mean you wish to study how to do these things?"

"No, no," cried Mr. Dilly. "I would simply like to learn how to get a rabbit out of my hat."

"What!" screamed the president. He turned quite purple with anger.

"Saint's paints!" cried Serena in fright while Henry felt his own knees shake under the scientist's rage.

"You have been wasting my time," exploded the president. "If you believe in that kind of nonsense I guess you even believe in Santa Claus!"

"Oh, I do," murmured Mr. Dilly hurriedly backing through the door.

"Then go ask him your silly questions," roared the scientist and slammed the door.

Mr. Dilly and Henry and Serena went into the street. They were not a bit discouraged because now they had this wonderful advice.

"Santa Claus is the very one who can help us," said Mr. Dilly. "He can do anything and he surely will not mind helping me."

But Henry said, "How will we ever find Santa? I have never even seen him." He wanted to say that Santa had never once been to his house in all his life but he didn't like to complain.

Mr. Dilly said, "There must be a way. I'll have to think it over." He sat down right then and there on the side of the road to think.

Serena snorted. "Duck's luck!" Thinking's no good. I know a Very Important Person in a Very Important Position. He runs a travel bureau and knows the best way to get to anywhere. Come, follow me."

STRAIGHTWAY Serena walked off and Mr. Dilly and Henry followed. Now this is

THE DWARF RAN ROUND AND ROUND SHOOTING A PAIR OF GUNS INTO THE AIR.

easier said than done, for Serena took a strange road under fences, across streams, through hedges, and all kinds of places where it was easy for a duck to waddle but very hard for a man and boy to follow.

But they managed and before long they found themselves at a fish pond where there was a sign which read: George George Frothingham. Trouble-Shooter.

"What is a Trouble Shooter, do you suppose?" asked Henry as Serena leaped into the pond and vigorously churned up the water.

Before Mr. Dilly could reply, a bewhiskered purple-haired dwarf sprang from the water and ran round and round the pond all the time shooting a pair of guns into the air, hurting no one but making a big noise.

"Murder, murder! Demons! Demons! Timbuctoo and a Roundabout!" screamed Serena, terrified into a truly heroic burst of rhyming.

At that the dwarf opened his eyes (he'd had them squeezed shut all the while), stared about

him, then said, "Oh, it's you, Serena. Why didn't you say so? I've wasted all those shots."

"Hoddy Toddy," cried Serena. "I never had a chance to say so. Rippity, hippity, I've brought my friends here and—"

"Stop that silly rhyming!" roared the dwarf.

At this point Mr. Dilly stepped forward and said, "Please don't quarrel. Mr. Frothingham—if you are Mr. Frothingham—"

"George George Frothingham," said the dwarf stiffly. "I'm a trouble shooter and I shoot trouble wherever I find it."

"Well, we don't want to cause trouble," said Mr. Dilly. "We want to get to Santa Land and Serena says you can tell us the way."

"Perhaps," said George George. He pulled out from under a bush a brief case. He opened the case and out came the strangest pile of time tables, schedules and maps man or boy or duck had ever seen.

Teacher Pay Varies In Ohio

Range Is \$2,000 In Survey Taken By OEA

COLUMBUS, Dec. 8.—(AP)—Teacher salaries vary as much as \$2,000 between communities in Ohio, T. G. O'Keefe, research director for the Ohio Education Association, said today.

O'Keefe told of results of a statewide survey of teacher salaries as the OEA prepared to open its 28th annual three-way meeting here. Some 900 Ohio educators representing more than 40,000 teachers are expected.

"Wealthier communities can and do hire the better-trained and experienced teachers," he said. "Children living in communities which possess little taxable wealth are receiving an education greatly inferior to those of wealthier communities."

He said his survey disclosed the highest average salary is \$4,171 at Norwood, a Cincinnati suburb, Cleveland is second with a \$4,073 average while in Cincinnati the average teacher gets \$4,060, he said. No other Ohio communities top the \$4,000 mark.

Here are the ten cities reporting the highest average teacher salaries in the OEA survey:

Cities: Norwood, \$4,171; Cleveland, \$4,073; Cincinnati, \$4,060; Cleveland Heights, \$3,891; Shaker Heights, \$3,830; Toledo, \$3,779; Lakewood, \$3,757; East Cleveland, \$3,737; Oakwood, \$3,736; Dayton, \$3,723.

Speeding Ambulance Saves Boy's Life

FINDLAY, Dec. 8.—(AP)—A speeding ambulance escorted by a state highway patrol car won a 41-mile race against death last night, doctors at Lima report.

The medical men told highway patrolmen that Frank Van Scooter, two and one-half year old son of Mrs. Frances Van Scooter of Cygnet, 15 miles south of here, probably owes his life to them.

The boy swallowed a whole peanut, husk and all, around 9 p. m. His mother drove him to Findlay hospital where doctors said they could not remove the peanut because they did not have the proper instruments.

Frank was placed in a private ambulance which was quickly met by a state highway patrol car.

Judge Hurries Monopoly Trial

Trial Against Lorain Journal Speeded Up

CLEVELAND, Dec. 8—(AP)—Federal Judge Emerich B. Freed called today for an early trial of the government's anti-monopoly suit against The Lorain Journal. This request was contained in a five-page opinion in which the judge denied a justice department plea for a stop-gap injunction against the newspaper.

The government's suit, first of its kind in the nation, has accused the Journal of monopolizing news and advertising.

On Nov. 15, as a first step, U.S. attorneys asked Freed to order the newspaper to stop "boycotting" firms advertising through Radio Station WEOL of Elyria.

But Judge Freed, in his ruling yesterday, said he could not do this. The government, he complained, only developed one aspect of its complaint—the advertising "boycott."

To grant the injunction, he wrote, would amount to acting on only a "fragment" of the government's complaint.

Then he said: "This case can and should have an early trial and the court will promptly entertain a motion from the government to that end."

SON'S BODY IDENTIFIED

KENT, Dec. 8—(AP)—After four years in which they knew only that their son was missing in action, his parents at nearby Streetsboro have been notified that his body was identified by the War department. Mr. and Mrs. Leo Crook were notified the body of their son, Second Lt. George Crook, a B-24 pilot, would be returned to this country for reburial in Arlington, Va., national cemetery.

Liquor Bottle Candle Holders Out At OSU

COLUMBUS, Dec. 8—(AP)—Liquor bottles used as candle holders are taboo in Ohio State University fraternity houses today.

The order to get rid of the "ornamental candle holders" was issued yesterday by Myrlin H. Ross, university fraternity adviser, to the council of fraternity presidents.

"We must make it clear to outsiders that alcohol is not being used in the houses," he said. He referred to the slaying Nov. 12 of Jack T. McKeown of Norwood after a Delta Tau Delta fraternity party.

School rules forbid use of liquor in the houses.

STEUBENVILLE, Dec. 8—(AP)—A score of upper Ohio river valley men were named to a board of advisors last night at the College of Steubenville marked the third anniversary of its founding.

The college has 580 students, compared to 263 when it first offered courses. It is co-educational and non-sectarian. Its president is the Rev. Daniel Egan

Christmas Turkeys May Cost More

COLUMBUS, Dec. 8—(UP)—The Christmas turkey is going to cost more than did the Thanksgiving bird, an Ohio State University poultry specialist predicted today.

D. D. Moyer, OSU extension specialist in poultry, said movement of turkeys at Thanksgiving exceeded all expectations in most sections of the country.

"Many turkey raisers have sold their entire crop," he said.

Moyer said Christmas buying already is active. Present indi-

cations are that prices for broad breasted bronze and large white Holland hens may be 50 cents at the farm, Moyer said.

Small white hens, he added, probably will be three to five cents higher, but the price of tom turkeys is not expected to be more than 32 to 35 cents for the heavier weights and 38 to 40 cents for the lighter toms.

Add leftover cooked rice to slightly beaten egg, season with salt and pepper, and drop by spoonfuls on a hot, well-greased griddle. Serve these rice griddle cakes with crisp bacon and currant jelly, and a green salad, for luncheon.

The Tories of 1950

As various Republican spokesmen try to define and sharpen the issue of more liberty vs. more regulations, in preparation for the 1950 election, it must occur to some of them that the same issue has been argued before by American politicians.

Before the American revolution, the Tories argued for a government with unlimited power to regulate the people—a strong, authoritative government, with the power of decision over all popular affairs.

The revolutionists among the colonists had no stomach for that kind of a government. They didn't like its high-handed treatment. They didn't like its exorbitant taxes. And they didn't like the idea of authority asserted by remote control.

The Tories thought the revolutionists were crazy for wanting to get rid of the 18th century version of a welfare state. They valued the idea of authority more than the idea of freedom. When the Revolutionists finally turned against the British empire they had to lick the Tories too, because the Tories didn't want to give up the comforts and prerogatives of being close to the sources of power. The Tories of 1950 also hate the thought.

Defending The Deficits

James Roosevelt, the rising Roosevelt son in California, has stated his version of the case for deficit spending in the American Mercury, December issue. He says it's like making an investment in the future.

If a family with an income of \$3,000 goes into debt \$600 for an unavoidable operation, he explains, no one demands that the family budget be balanced. The debt is incurred and paid off in the future—and this is still Mr. Roosevelt doing the talking. "The budget," he concludes, "should be the servant, not the master, of the household."

We wish the rising son of California had gone on with the story, because he quit just when it was getting good. After the family has gone into debt \$600 for mamma's operation there's a council meeting. Papa and mama look for corners to cut. By hook or crook the \$600 must be made up. That's the way it's done in families that make their own way. And if there aren't enough corners to cut, someone must scratch a lot harder to make \$2 grow where only \$1 grew before, which doesn't mean inflating the currency or calling on the finance company.

The deficit defenders had better lay off family finances for purposes of comparison. Families don't know much about government budget, but they're hard customers to fool about their own budgets.

Whither The Goose?

The study which will be made of the monopoly problem under the direction of Secretary of Commerce Sawyer could be the outstanding act of the Truman administration—if it tackles what needs to be tackled.

That is the fact the United States, dependent on business enterprise for the wealth which has given it power and the privilege of existence above the subsistence level, never has clearly understood what business enterprise is all about.

Consequently, it has permitted generations of politicians alternately to abuse and coddle the source of its well-being. It alternately has stuffed and starved the goose that laid its golden eggs.

Inside government at this time is one faction that lies awake at night thinking up new ways to bedevil economic enterprise in the name of anti-monopoly action. Another faction, scantily represented in government since 1933, lies awake

contemplating the evil effect of government's failure to understand and to cooperate with the source of the vast revenues required to maintain its functions.

On one hand, the government develops anti-trust actions and tax laws which keep private enterprise in a dither of uncertainty. On the other hand, its more farsighted officials—and Secretary Sawyer may be one of these—wonder what could be done to make enterprise more attractive to citizens with money to invest.

On one hand, the government calls on big business to save the collective bacon in emergencies. On the other hand, its busy-beaver lawyers and socialist plotters are cooking up new schemes to penalize big business for being strong enough to save the collective bacon.

The only policy of government in this respect has been an absence of policy that invited individual officials to ride off in all directions. Decisions were made willy-nilly by executive agencies, only to be rescinded by congress when they backfired—as they did in the postal-pay case and the central basing point case.

If that's what the Sawyer study aims to clear up, it's long overdue.

Christmas Trees

At this time of the year, vacant lots littered with rusted cans and furnace clinkers are transformed overnight into sylvan dells and forest primevals. At a superficial glance, they look as if someone had spent the last 25 years nursing into maturity a bumper crop of evergreens—a project which has baffled millions of property owners who've tried it.

It plants a sickly doubt, a gnawing misgiving. Because if a batch of Christmas trees grown in some distant place can transform a littered vacant lot into a landscape gardener's dream, why shouldn't all householders who want evergreens buy them already cut, put them in Christmas tree receptacles and replace them a couple of times a year with fresh ones—like cut flowers in a living room?

It would be so much easier.

Peaceful Washington

By James Marlow

HERE we were, having a kind of nice, quiet time, looking forward to Christmas, taking a deep breath before congress comes back in January, kind of relaxing.

News wasn't much although every day one or two things happened around here and managed to squeeze onto the front pages of the nation's newspapers.

A couple of the government's financial experts got into an argument, or Secretary of State Acheson had something to say about China, or Congressman J. Parnell Thomas was on trial.

But the great rush that goes on day after day when congress is around was missing. In short, we had no sensations on a day-by-day basis.

Then all of a sudden a former Air Force major, George Racey Jordan, started talking about atom bomb material being sent to the Russian during the war.

Then Fulton Lewis, Jr., a radio commentator, said Henry Wallace, former vice president, overruled atomic officials during the war and ordered atomic stuff sent to Russia. Wallace retorted: "sheerest fabrication."

THIS PUT a little pepper in the news in these parts, and more can be expected, since the house-un-American activities committee

now is taking a hand in the major's story after being quiet a long time, and the congressional atomic committee is going to dig around a bit too.

Whether anything comes of all this remains to be seen, if not, at least it provided a brief sensation.

But it was President Truman, sunning himself in Key West, who was preparing some of the biggest news material, although he won't spring it until 1950.

He was beginning work on his "State of the Union" message and his economic report, both of which he'll deliver to congress when it comes back in January.

Then we'll really be off to the races, since 1950 is an election year for all 435 members of the house and one-third of the 96 senators, a situation of which the president is not unaware.

HE'S A CINCH to plug again for his civil rights program, federal aid to education, a compulsory health program, and maybe higher taxes to keep pace with government expenses. And, probably, once more he'll ask congress to repeal the Taft-Hartley Labor Act.

Since the stand taken by congress—and congressmen—on all these issues will have something to do with whether they're re-elected in the fall of 1950, we'll

Pretty Skinny, Isn't He?

Regulated Business Economy

By David Lawrence

THEY'VE made a very important discovery here in government. They've discovered that in any contest there's a winner, a second place, a third, and a fourth. And they've discovered that the other contestants string along behind, some at considerable distance and others close to the first four.

The fact that this happens in the field of competition in business has been known a long time to alert observers of the system of free enterprise. But somehow to the Truman administration it is something novel. Evidently the rules of competition now are called "concentration" and presumably are wicked.

The secretary of commerce, Charles Sawyer, who heads up the very department in government that is supposed to understand the processes of business and do all it can to stimulate growth, has just issued a voluminous document which shows the so-called "concentration" in American industry.

ment that is supposed to understand the processes of business and do all it can to stimulate growth, has just issued a voluminous document which shows the so-called "concentration" in American industry.

BY INFERENCE this document can be used to support the contention of radicals hereabouts who believe that government must step in with a sort of American fascism and stop "concentration" by any four companies or eight companies or even 20 companies in a given industry. What is meant apparently is that, by action of the master minds in government, all contestants must be lined up evenly at the start and when they come in at the finish they must all cross the tape together. The speed at which they go must be regulated. The muscles of one must be equal to the other, or some system of handicapping used to assure that there will not be any first, second, third or fourth.

This is the basic idea of a regulated economy—to see to it that the natural superiority of one unit over another is restrained and that the smaller units are subsidized or assisted whenever they lack the skill or the "know how" or any other quality necessary for first-rate competition.

SECRETARY SAWYER'S press release speaks of a request from President Truman that a program be designed "to preserve and strengthen free enterprise." It is added that this is "the first time this matter has been approached from a positive standpoint."

The Sawyer statement speaks of an inter-agency committee to be appointed, comprising the department of Justice, the Federal Trade Commission and the Council of Economic Advisers. One newspaper headlined the matter as a plan to "ease" the antitrust program. There is no foundation for such wishful thinking.

The nature of the Sawyer statement dispels any such interpretation. For it is devoted in major part to a series of figures which show that in each of 46 out of 452 industries there are four companies which, together, produce 75 per cent or more of the output. Then there are four companies in each of 104 industries which produce from 50 to 75 per cent. There are 164 industries where four companies together produce from 25 to 50 per cent. There are four companies in each of 138 industries which produce less than 25 per cent of the volume of business done.

ALONG WITH THESE figures, the department gives the details of each industry and finds a number of cases where the first four companies have as high as 90 per cent or more, as in the cigarette business.

Presumably there is something wrong with this picture. When American businesses, by virtue of competition, reach their goal, they are supposed to stop growth, stop all incentives within their company, and stand still.

The implication that it is a violation of present laws on monopoly for a company, using fair means of competition, to win the race is strongly conveyed by the very manner in which the statistics are presented. Only a desire to penalize success and leadership—and unwittingly perhaps break down the whole spirit of free enterprise—could possibly have prompted the use of the statistics along with innuendoes of wrongdoing and law violation.

America's 30-Year War

Party Biggies In Change of Heart

By PETER EDSON

WASHINGTON

THE 30-YEAR WAR against Communism in the United States has been, in last analysis, a talking war. Words are the revolutionary's weapon of biggest calibre. Counter-propaganda is the fortress. The Communists have used words more aggressively, more sensationally and with a louder bang than the anti-Communist. The direct assault has hardly been effective. But real damage has been done by the "echo press"—subsidized organs of front groups and well-meaning but innocent liberal publications, which pick up the line without recognizing it.

The Daily Worker, Sunday Worker and the party's deep-dish intellectual monthly—formerly "The Communist" and now called "Political Affairs"—have been able to garner circulations in the low thousands. They never have made any money and have had to be subsidized by Moscow or by American angels. A goodly percentage of their readership is anti-Communist; study the line, these subscribers know, and you will be better able to refute it.

THE INFILTRATION into Hollywood is well known because of the pending Supreme Court test case against two of the 10 writers charged with contempt of Congress. In the war years there was some penetration of radio, but shortly after V-J Day both NBC and ABC took seven-league steps to get rid of the leftists on their writing staffs.

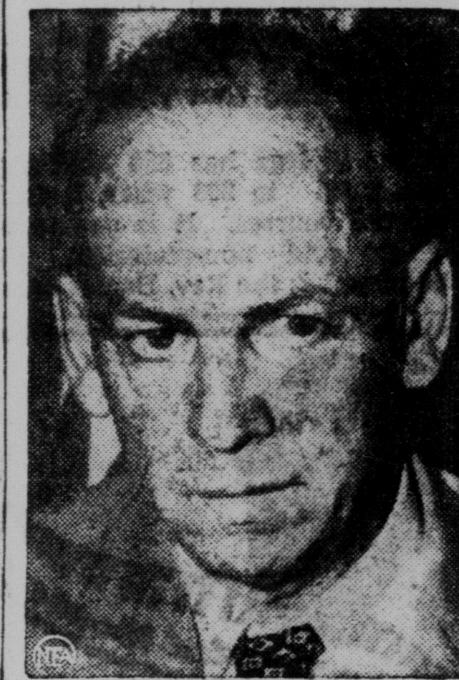

In the pamphlet and leaflet fields, no one knows how much stuff the party and its fronts have been able to produce. An attempt to collate this literature is going forward at the University of Michigan, whose Labadie collection of radical literature is heavy with Communist tracts. On the anti-Communist side, the counter-barrage has been formidable. In the first decade of the 30-year war, what U. S. writers produced was not impressive. It was a time of hysteria and much of the stuff was

stone and many others. It should be made clear that only a few of these—Lovestone, Gitlow, Lore, Budenz and Zack—were ever actual party members.

ALL THESE AND OTHER present-day critics of Communism, from Dr. Dewey to Wilson, have been bitterly assailed by the American Communist press. The party finds it hard to forgive the man who quits and keeps his mouth shut. It finds forgiveness impossible for those liberals whose praise it has sometimes trumpeted, when their sympathy ceases and all-out denunciation takes its place. But the "victims" are undisturbed by such vilifications as "Stooge of Wall Street" and "Poison Pen Artists." Coming from such a publication as the Daily Worker, say, this amounts to laurel wreaths.

For a day-in-day-out counter-propaganda job, the daily press does as well as can be done. The most effective medium has been in straight news stories. Pick up almost any newspaper and it will tell you something about Communist activity in one or more of many fields—religion, schools, labor relations, social relations, foreign relations.

THE IMPORTANCE of this running news story has been well realized by editors, who in some cases have assigned excellent reporters to do nothing but watch

of the scare variety, so exaggerated and wild-eyed that it impacted was virtually nil.

IT WAS 10 LONG YEARS before a few of the bolder spirits learned that you cannot fight a lie with another lie, and that cold fact, dispassionately uttered, is the most devastating of answers. This coincided with the discovery, among many writing men, that the new Communist philosophy was as phony as Moscow's claim to inventive firsts. When it became clear that the Soviet was only interested in the proletariat as a surface thing, and had as its major aim the expansion of its own imperialism, there was a rush into print.

The most trenchant pens were in the hands of ex-Communists. The result was several five-foot shelves of excellent "true confessions," ranging from Jan Valtin's "Out of the Night" to Louis F. Budenz's volume of disillusionment, "This is My Story."

Others who have pounded potent typewriters against Communism include Eugene Lyons, John Dewey, John Dos Passos, Max Eastman, Sidney Hook, James Rorty, James T. Farrell, William Henry Chamberlain, Charles Rumford Walker, Lillian T. Symes, Evelyn Scott, Suzanne LaFollette, Isaac Don Levine, Ferdinand Lundberg, Harry Gideonse, Ludwig Lore, Benjamin Gitlow, Morris Ryskind, Edmund Wilson, Benjamin Stolberg, Gen. Walter Krivitsky, Victor Kravchenko, Joseph Zack, Jay Lov-

the fronts. Outstanding among these reporters is Frederick Wolfman, of the New York World-Telegram, who holds a Pulitzer Prize and is regarded as one of the best-informed men on the Communist movement anywhere in America. Lyle Wilson of United Press has done a magnificent job of exposing Communist political skulduggery.

Another highly noteworthy reporter is Benjamin Stolberg, who now works closely with the anti-Communist writers. Stolberg prepared a series "Inside the CIO" for the Scripps-Howard newspapers in 1938. The material was later published in book form. At the time the Communies had virtually taken over the CIO. Stolberg's series, while it was bitterly assailed by liberals, fellow travelers and the labor press, had a striking effect in the crystallization of public opinion.

Today, the CIO News, now edited by Allan Swin, does a nicely balanced job of crusading against Communists in the CIO ranks, whereas only a few years ago it often traveled along with some of the most radical.

Thespians Plan Library Play

Choruses To Give Assembly Program

Members of the High School Thespians Club will present the play, "Made to Order Christmas," Dec. 19 at the public library for a Book Club audience.

Cast in the play are: Galen Rich, Treva Bush, Roger Buehler, Dana Rice, Robert Hill and Willard Stamp.

Miss Irene Weeks, school dramatics instructor, directs the one-act play. Committee chairmen include Phyllis Flick, properties; Donald Coffee, stage props; Marie Vender, make up and wardrobe; and Richard Ward, lights and sound.

Members of the club traveled to Kent State University Saturday to participate in the drama clinic there. During the morning session, a one-act play was presented by Massillon players for study of interpretation. A lecture was presented on the advantages of comedy performances.

Before the audience of almost 1,000 High School pupils and instructors, the Kent State University players gave a three-act play for clinical study.

A cast from the Salemasquers Club will present "Bobbysox" at the Thespians meeting next week. Leads in the play are held by Shirley Hilliard, Joan Domincetti and Donald Coffee.

To Present Assembly

High School choruses will present a five-part program in a student assembly Dec. 16. Under the direction of Thomas Crothers, the Rober Choir, Beginners Chorus and Girls Glee Club will sing nine selections, to be fol-

lowed by an "Assembly Song Fest" of Christmas carols.

The Rober Choir will be heard in "Psalm 150" by Cesar Franck, "Sleeps Judea Fair" by Mackinnon, "Were You There?" as arranged by Burleigh and "Twelve Days of Christmas," arranged by Siday.

The Girls Glee Club will sing "Gesu Bambino" by Pietro Yon and "Away in a Manger" by Luther. Dorothy Pozniko and Ben Bailey, pianists, are scheduled for "March of the Toys" by Victor Herbert.

Voices of the Beginning Chorus and the Rober Choir will be combined for "Joy to the World" by Handel, "Silent Night, Holy Night" by Gruber and "Adeste Fideles" by Reading. Accompanists are: Miss Pozniko, Bailey and Lois Getz.

Pacific Freighter To Pick Up Ward

ABOARD LAKELAND VICTORY, Enroute to Taku Bar, Dec. 8—(AP)—This 10,000-ton freighter headed today direct for Taku Bar, off Tientsin, and possible rendezvous with Communist expelled American Consul Angus Ward and his party from Mukden.

The ship was under new orders to Capt. Paul Sexton of Palo Alto, Calif., to by-pass Pusan, Korea, and steam direct to Taku Bar, a point 15 miles off shore from the China mainland.

Captain Sexton hopes to reach Taku Bar Saturday. Ward, whose treatment by Chinese Reds resulted in an American appeal to 30 nations for expression of concern, reportedly will be released through Tientsin.

Vinson Confers With Truman

Jurist To Talk Over State Of Union Facts

KEY WEST, Fla., Dec. 8—(AP)—Close associates disclosed today President Truman will confer with Chief Justice Vinson before writing the final draft of his "state of the union" message to congress.

The chief executive has invited the Kentuckian here to enjoy the Florida sunshine and talk over high level administration strategy.

Sources said there is no one in whose judgment the President has more reliance than that of his former Secretary of the Treasury. While Vinson as a member of the judiciary has remained apart

from rough and tumble politics, he has always been available for consultation by the President and they frequently get together for the discussion of national problems.

Meanwhile, Frank Pace, director of the budget, is due in today for the budget, is due in today at the President's vacation retreat for conferences on the proposed new budget for the fiscal year starting next July 1. It is expected to exceed this year's recommendation of \$41,900,000,000 which likely will be greater when the accounts are in, and may run as high as \$45,000,000,000.

Uncle Horace filled his house with horses

He figured to run his house by horse power instead of electric power. No more electric bills for him!

So he hitched Dobbin to the washing machine, and old Nell to the refrigerator. Bought another nag for the vacuum cleaner and more for the other jobs.

Poor Uncle Horace! All he got was a hate for horseflesh and a hatful of debts.

But a great love for his electric bills!

And why not? Electric power is about the handiest, quickest, easiest way to get work done. And about the cheapest . . . what else can you buy that does so much, yet costs so little? (An average family in a day uses electric power equal to the work of 5 or 6 horses—and buys it for a few pennies!)

That's good business for anybody who has housework—or almost any kind of work—to get done. Business-managed electric companies like ours have made it that way. By pioneering electric service. By showing people how useful it is. By finding ways to make it the best bargain in a family's budget.

Religious Art Talk Given To Progressive Mothers

A DEFINITION I like for art is 'the well-making of what needs making.' Miss Katherine A. Gibson told members of the Progressive Mothers Club at a meeting Tuesday evening in the home of Mrs. Arthur V. Smith, N. Ellsworth ave.

Miss Gibson, talented sculptress, highlighted the program with an inspiring talk on "Religious Art At Home."

"God speaks to each in his own tongue and the great masters of the past were good listeners," Miss Gibson told the mothers. She pointed out that the paintings, sculpture and architecture made by the masters for the glory of God tell eternal truths and that a knowledge of these is a part of "our heritage." "The sentimentalized, ill-understood adaptations of these which we often see leave an impression more false than true," Miss Gibson said.

"In an age whose own clamor is apt to deafen us to deeper voices, the work done in reaction against this sentimentality is apt to leave no impression at all," she said.

Miss Gibson's second definition to find what religious art really means is that of relationship of man with God, who is all good.

"One might suggest then that religious art is the shining of this relationship through whatever is well made for good reason," she avers.

"The function of art is to nourish the spirit by increasing its awareness of truth, and likewise it is the function of the home-maker to nourish, not only bodies, but the spiritual awareness of the family."

"There are two reasons why a work of art makes us vividly aware of quality. (1) This quality or value is chosen from among others and skillfully emphasized. (2) A work of art is usually something we not only hear about, but experience by seeing or using. Above all, we can experience it through making," she opined.

Miss Gibson stressed the idea that a mother should give her child the material and opportunity of making things at home.

"The very heart of religious art is that of making Christmas cards and nativity scenes, which remind us, more than toys and trees, of the meaning of the Yule season. If these are well

made, and if the family makes them together with love and laughter, they can give glory to God and God to your child," she said.

Miss Gibson augmented her talk with some of her ceramics, which were appreciated by the group.

Roll call response was "What I Want For Christmas." The club purchased a Christmas Seal bond. Lunch was served by the association hostesses, Mrs. Thomas E. Crothers and Mrs. Richard Wilson.

Tentative plans were made for a white elephant and auction Jan. 30. The club will hold its annual Christmas party Dec. 20 in the home of the president, Mrs. Lester Bateman, Ridgewood dr.

Auxiliary Honored By Engineers Group

MEMBERS OF the recently organized auxiliary of Mahoning Valley chapter, National Society of Professional Engineers, were honored at a dinner-dance Tuesday evening at the Mahoning Country Club.

New officers of the chapter were installed by Albert Coope. The women's group has the distinction of being the first of its kind in Ohio and the fourth to be organized in the United States.

Chapter officers are: President, Mr. Coope; vice president, A. L. Thurman; secretary, Harold V. Husted; treasurer, Robert W. Bryan.

Members of the auxiliary social committee, Mrs. E. J. Salvidge, Mrs. Robert W. Bryan, Mrs. James C. Ryan, Mrs. R. H. Pool, Mrs. Alexander F. Findlay and Mrs. Charles Shumaker, Jr., assisted in arranging the affair.

Issue Invitations For Coming Wedding

JUDGE AND Mrs. Joel Herbert Sharp have issued invitations for the marriage of their oldest daughter, Lucia Hosmer Sharp, and George Harris Dexter, son of Mr. and Mrs. Allen Latham Dexter of Manchester, Conn.

The ceremony will be solemnized at 7 p. m. Thursday, Dec. 29, in The Church of Our Saviour by the rector, Rev. Harry A. Barrett.

The reception will be at Miss Sharp's home, 700 Highland ave. Miss Sharp has chosen her younger sister, Mrs. Ford Fay Miskell of Cleveland, a September bride, for her matron of honor, and Miss Frances Gordy Sharp, her youngest sister, for her maid of honor.

Bridesmaids will be Miss Margaret Anne Dexter, sister of Mr. Dexter and a classmate of Miss Frances G. Sharp at Wellesley College; Mrs. James Chester Britt of Worthington, formerly of Salem; Misses Mary Elizabeth Mullins and Gloria Gibson of Salem; Mrs. Henry Robinson Ertelt, classmate of the future bride, at Smith College, and Miss Sue Shafer, faculty member of Dana Hall, Durham, N. H.

Elizabeth Emeny, little daughter of Mr. and Mrs. George B. Emeny, will be the flower girl. Stephen Cutler Hale II of Vero Beach, Fla., brother-in-law of Mr. Dexter, will be best man.

Ushers will be Master Joel Herbert Sharp, Jr., brother of Miss Sharp; Ford Fay Miskell of Cleveland, brother-in-law, of the bride to be; John Deming Mulford, Jr., and James Henry Wilson, Jr., of Salem; Joseph Crossley and Edwin Shafer, classmates of Mr. Dexter at Princeton University, and Raymond Edmund Gorman of Manchester, Conn.

Mr. and Mrs. Edmund Peters, who returned from Geneva, Switzerland, a few days ago, are guests at the home of Mr. and Mrs. Chester E. Kridler, W. 16th st.

Presbyterian Group Enjoys Yule Party

A MYSTERIOUS and unknown "somebody" played Santa Claus to members of the Presbyterian October committee Tuesday evening at a delightful party at the home of Mrs. Leslie Dunlap on E. State st.

Dressed in the proper regalia of the jovial St. Nick, Santa dispensed with a "pack" of gifts to the 20 women present. Gifts, brought by all, also were distributed via a musical unwrapping game.

Mrs. Anthony Woina conducted the worship program leading to the inspirational reading of "The Angels and the Shepherds" (from Ben Hur) by Mrs. R. R. Woods.

Through the generosity of the members, \$25 was raised to help make a happy Christmas for the boys at Boys Village at Smithville.

Rev. Clarence Kerr heads this home for boys, a non-profit, non-sectarian organization, which is supported entirely by public contributions. The village, housed in buildings on a 127 acre farm, is located between Wooster and Smithville.

Funds are needed to care for more 12 to 18 year-old-boys. This village is patterned after the famous Father Flanagan's Boys' Town in Nebraska.

It requires a dollar a day or five dollars a week to keep a boy in the village. They are referred to Rev. Kerr by juvenile authorities and receive their help-training through various activities and work on the farm.

The Dunlap home was beautifully decorated in the Christmas theme and the appointments, when lunch was served, were in keeping with the season. Mrs. George Trisler assisted Mrs. Dunlap with serving.

A SHINY Christmas tree made of ball ornaments, a beautiful centerpiece of fruit, an outdoor trimming of bells, and many other interesting and novel arrangements were shown and discussed by Mrs. James Rawsthorne Tuesday evening.

The occasion was the party of the Elks auxiliary in the Elks home. The entertaining talk is expected to benefit the members in decorating their homes during the Yuletide season.

Gifts will be exchanged at the Auxiliary Christmas party Dec. 20.

THE CHRISTMAS meeting of the Sunshine Society will be held Wednesday evening, Dec. 14, at the home of Mrs. Harry Sherwood, Georgetown rd. A coverdinner will be served at 6:30. The affair is for the members and their families.

THE SALEM Garden Club will hold its annual Guest Day luncheon at 1 p. m. Monday in the Presbyterian social hall.

Mrs. R. R. Miller is program chairman, while Mrs. A. A. Parker is reservation chairman. Reservations are to be made before Friday.

Gifts for children, which will be distributed through the Salvation Army, will be judged for their wrappings.

SALEM COUNCIL, Knights of Columbus, have plans under way for two social events — a New Year's Eve party, and an open house party early in January. Both affairs will be for the members and their friends.

Church Committees Play Santa Claus

MEMBERS OF the Presbyterian Evening committees played Santa Claus to youngsters cared for by the Red Cross and county welfare at the concluding meeting of the year Tuesday in the chapel.

The gifts, unwrapped, were placed under a Christmas tree and were later wrapped for prizes by those that brought them. Packages by Mrs. Ralph Vance and Mrs. Alfred Fitch, judged as most pleasing to a child's taste, won the awards. Judges were Mrs. Russell Pearson, Mrs. Esther Eells and Miss Caroline Hale.

The party, which began with dinner, was held in a true Christmas atmosphere. Lights from the tree and candle light added to the effectiveness of the evening's program.

Sixty were seated at the long tables, and each place was marked by Christmas "tree" candy holders. Pine, red and white candles, Santas and a popcorn 'snowdow' were used in the colorful center arrangements which dotted the white-covered tables.

The hostesses of the evening were members of the July and August committees headed by Mrs. Eugene Early, Mrs. Floyd McQuilkin, Mrs. G. W. Smith and Mrs. John Crawford. The decorations were arranged by the June committee, Miss Elinor Currier and Mrs. Lewis Hill, co-chairmen.

Guests at the party were Mrs. James Luke, retiring president of the Women's Association and Mrs. Maurice Sadler, incoming president.

The spiritual significance of the season, thoughts of home and loved ones united, inspired the Christmas story told so well by Mrs. Thomas Mercer. The "different" and truly beautiful story is entitled "Midnight in The Stable."

Mrs. Early wove into her Bible Christmas narrative the appropriate music interpretation as sung in carols by all the group, concluding with the rendition of "O Holy Night" by Mrs. Walter Hofmeister.

Mrs. Fitch played the flute obligato to the singing of "The Song of the Christmas Angels" by women members of the Haviland Choir. They also sang "No Candle was There and No Fire." Miss Anna Cook was accompanist.

The 18th century "Carol of the Friendly Beasts," telling of the

night Christ was born, was sung by Mrs. Frank Huber. Mrs. George W. Bunn, program chairman for the year, and Mrs. Fitch arranged for the evening's entertainment.

THE ANNUAL joint meeting of the Alice Dennig and Jessie Thomas Missionaries circles of Holy Trinity Lutheran Church will be held at 7:45 p. m. Friday in the church.

LEETONIA, Dec. 8.—The Past Noble Grand Club of D. Wallace Rebekah Lodge, No. 279, held their monthly meeting at the I.O.

During the business meeting the present officers were reelected. Mrs. Helen Archer is the president, Mrs. Edward Gott-

The use of "tin" cans for holding preserved foods did not become common until late in the 19th Century.

Methodists Portray Schools' Activities

CHRISTMAS activities in Methodist schools around the world were portrayed in a beautiful pageant at a meeting of the Methodist Women's Society of Christian Service Wednesday evening in the church. Mrs. George C. Beebe, program chairman, was narrator for the story.

Others who had part appeared in the native dress of the countries, which they represented. Their names are:

Mrs. Dana Floding, China; Mrs. Don Hammell, Korea; Mrs. Homer S. Taylor, India; Mrs. Fred Sweitzer, Japan; Bruce Gordon, Mexico.

Mrs. Loren Early was pianist for the impressive musical setting. Soloists were Mrs. Sweitzer, Miss Eleanor Buta and Mrs. Floding.

A white altar lighted with candles was featured. To this the various "countries" brought a gift and lighted their individual candle, which helped to spread the Gospel light around the world.

For devotionals, Mrs. Hammell retold the Christmas story, which was illustrated with colored slides shown by Miss Eleanor McMurray. Miss Buta sang a group of Christmas hymns with Mrs. Steven Odoran at the piano.

Mrs. Ralph Whiteleather, in the role of a Navajo Indian, took the 80 members and guests to the "Indian Hogan" for refreshments, served under the direction of Mrs. T. W. Purviance.

The society's benefit in the afternoon was well attended. Each group and the Youth Fellowship had a booth.

The tea table was laid with a lace cloth and centered with a Christmas arrangement. Mrs. F. J. Stouder and Miss Nora Greenwalt presided.

MRS. JOHN TAYLOR and Mrs. Sarah Steward of S. Lincoln ave. were hostesses to a de-

lightful Yule meeting of the Harriet Watt Guild of the Church of Our Saviour Wednesday evening in their home.

Greetings were read from Mrs. Elizabeth Kelley of Bay Village and Mrs. Anna Farmer of Bluffton, Ind., both former members. Mrs. Fred Smith played the piano for group singing of Christmas carols.

Special prizes were won by Mrs. Irene Jovorick and Mrs. Warren White. Gifts were exchanged.

White chrysanthemums and red candles in crystal made added beauty to the table at which lunch was served. Favors were red and white boots.

OFFICERS were elected for 1950 when members of the IHS Class of Holy Trinity Lutheran Church met Wednesday evening at the home of Mr. and Mrs. Nevin Halverstadt, E. State st.

They are: President, Albert DeWan; vice president, William Bailey; secretary, Mrs. Louis Moushey; assistant secretary, Mrs. Oliver Duke; treasurer, Mrs. Charles Youtz; news reporter, Mrs. Wade Schaefer.

The home was resplendent in the season's decorations. Members of the class plan to decorate

the church for the annual Christmas midnight service.

Refreshments were served by the hosts and their associate hosts, Mr. and Mrs. Olin Muntz.

Mr. and Mrs. Vaughn Nichols and Mr. and Mrs. Charles Youtz will be hosts for the Jan. 11 meeting.

Mary Ellet Tent Elects Officers

MRS. JOHN ROESSLER was named president of Mary Ellet Tent, Daughters of Union Veterans, at the Tuesday evening session in G. A. B. Hall. She succeeds Mrs. Harry Sherwood.

Other elective officers are: Senior vice president, Mrs. Walter Bolinger; junior vice president, Mrs. B. C. Crapster; chaplain, Mrs. Mary Juergens; patriotic instructor, Mrs. Mayme Robison; treasurer, Mrs. Wallace Stewart.

Miss Vivian Diehl of Alliance, deputy, conducted the annual inspection.

A dinner preceded the meeting. A Santa Claus and sleigh ornament was featured in the yuletide scene, which centered the table. Miniature pine trees

and red candles in crystal candelabra completed the decorations. Favors were miniature red boots. Mrs. John Litty and her committee served.

New officers will be installed at the Jan. 3 meeting.

Band Mothers Fete Husbands At Party

BAND MOTHERS entertained their husbands at a lovely Yule party Wednesday evening in the Memorial building.

Holiday trimmings decked the table, at which places were laid for 50 guests. There was a gift for each guest under a miniature Christmas tree.

Mrs. H. M. Butcher, president, and Mrs. Nelson Bailey were in charge of the program of entertainment.

Mayor-elect Harry Vincent directed group singing of Christmas carols, with Mrs. Harold D. Smith at the piano.

Selections by a quartet composed of Bob Zimmerman, Richard Dougherty, Robert Tarzan and Ben Bailey made a hit with their audience.

Howard Pardee, band director, gave a talk of interest to the group. Afterwards he was presented a gift from the Band Mothers. Mrs. Robert S. Dunn made the presentation. Mrs. Harry Abrams was in charge of the gift exchange.

Nationalists Move To Taipei

Emergency Session Acts On New Capital

CHENG TU, China, Dec. 8—(AP)—The Chinese Nationalists decided Thursday to transfer the seat of government to Taipei, Formosa.

The decision was reached at an emergency session of Premier Yen Hsi-Shan's cabinet.

Formosa is Generalissimo Chiang Kai-Shek's stronghold which has been armed and equipped for a last ditch stand against victorious Chinese Communists.

The emergency cabinet session also decided to make Sichang, in Sikang province west of Chengtu, general headquarters for operations on the mainland.

The cabinet accepted the resignation of Gen. Chang Chun from the post of director of southwest China headquarters. Gen. Ky Chu Tung, was given this job in addition to his present duties as chief of staff.

Farm Incomes Seen Taking Biggest Drop

CLEVELAND, Dec. 8—(INS)—The fourth district Federal Reserve bank of Cleveland reported today that income of farmers is falling faster than that of other economic groups.

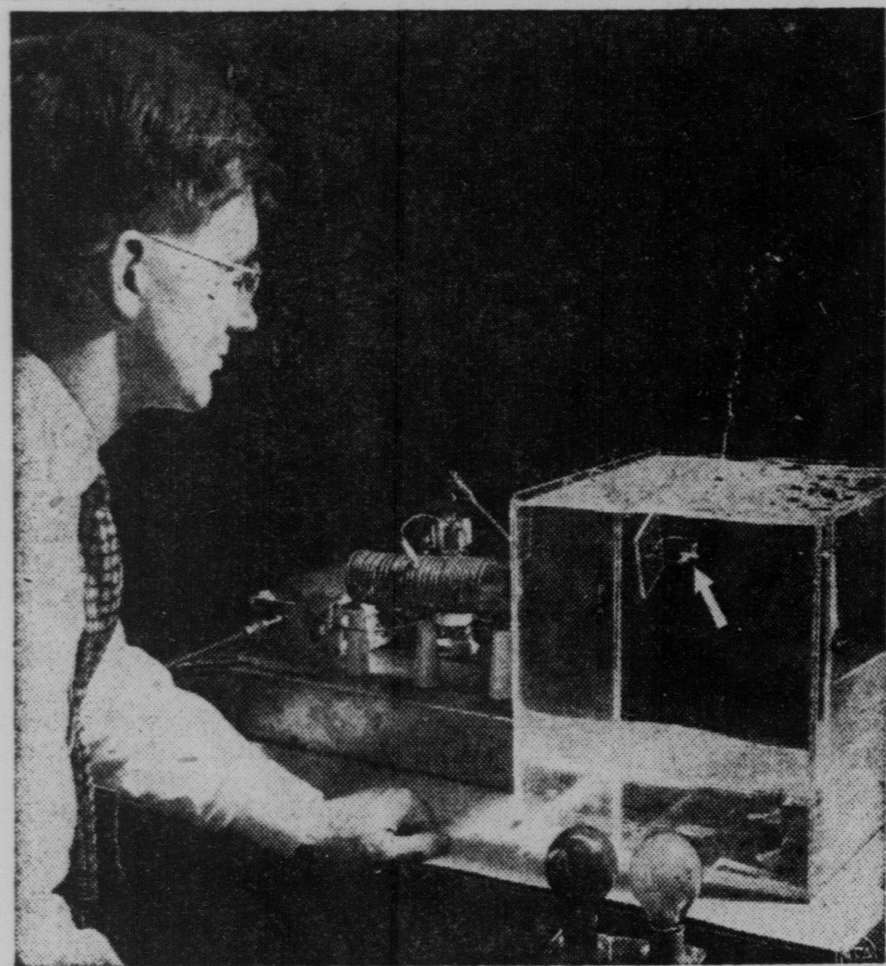

In an exclusive review of major economic activities during the past year, the bank's monthly bulletin added that the industrial highlight of the year was the upswing in manufacturing activity which developed in late summer after six months of steady decline.

The bank predicted that farmer income in 1950 will be about one-third below the 1947 peak if an anticipated 15 percent drop in income occurs.

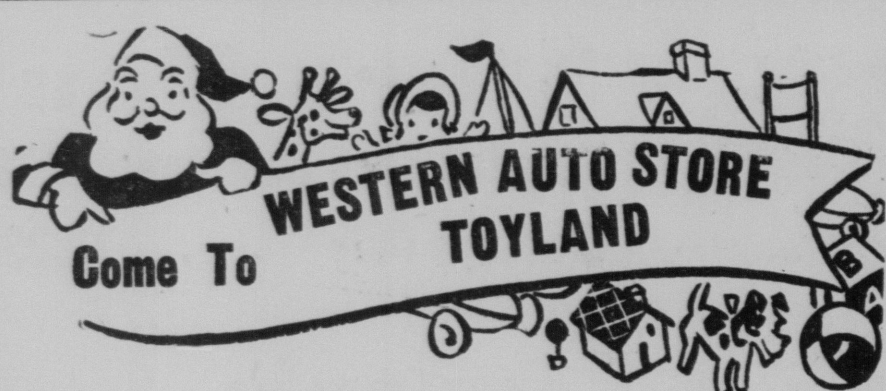

EXPLOSION IN FURNACE

CLEVELAND, Dec. 8—(AP)—Molten iron and slag poured through a crack in a Republic Steel Corp. blast furnace here last night causing an explosion which injured four workmen. Most seriously hurt was George Mazich, 49, who suffered two broken ribs and a head cut when he was struck by a flying timber door.

About 20 billion tin cans are used in the United States in one year.

NOW, HEAR THIS—Ultrasonics—or, sound waves pitched too high for human ears to hear—cause this fountain to spurt from a water tank in a General Electric laboratory at Schenectady, N. Y. The sound waves come from a dime-sized disk of barium titanate (arrow). When voltage is applied the material vibrates at extremely high frequencies, and the concave disk focuses the waves upward, causing the water jet. The apparatus was set up to study the curious properties of ultrasonics.

Court Says Tax Ruling Must Be Made By Board

COLUMBUS, Dec. 8—(AP)—The state board of tax appeals must decide whether the Lorain plant of the National Tube Co. should be listed as personal property or real estate, the Ohio Supreme court said yesterday.

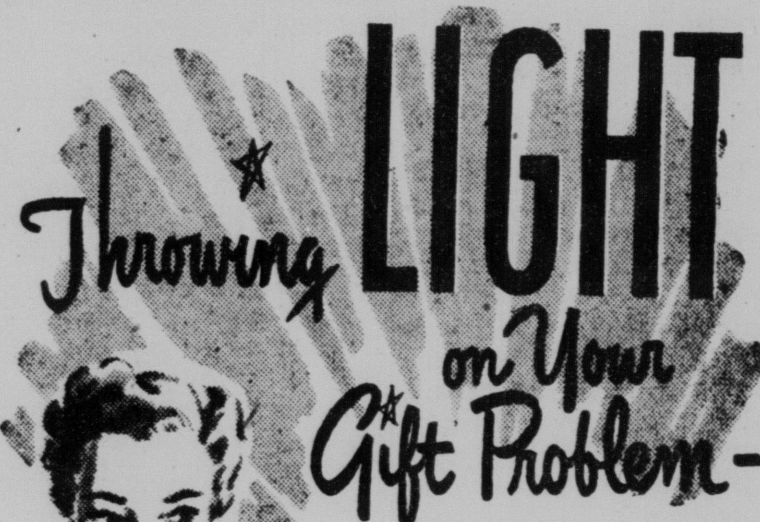

The high court ruled the tax board has jurisdiction in the case because it had not determined whether the property was personal or real.

Personal property used in man-

ufacturing is assessed at only 50 per cent of its value. Real estate is assessed at its full value.

DANCER ASKS DAMAGES

CLEVELAND, Dec. 8—(AP)—Dancer Paul Draper of New York City asked common pleas court today for \$4,000 damages from Sam Borsellino, proprietor of a downtown night club-restaurant here. He said Borsellino broke a written contract stating that he would be paid \$2,000 a week for a two-week appearance last April.

Detroit Lions Bid For Hart, Walker

Irish End May Ask \$25,000

McMillin Would Use Big Leon At Fullback

NEW YORK, Dec. 8—(AP)—Two of the year's outstanding college football stars, Leon Hart of Notre Dame and Doak Walker of Southern Methodist, may wind up as professional teammates next year at Detroit—but the Lions will have to say it with dollars.

Hart, the most widely acclaimed lineman to come out of college ranks since Larry Kelley of Yale 13 years ago, indicated yesterday he might be hard to persuade unless the bid is a fat one.

"I'm waiting for the right offer," the 22-year-old All-America end from Turtle Creek, Pa., said. "I won't play unless I get what I want."

The six-foot-four, 260-pound flankman, who is fast enough to play fullback, was asked what sort of a figure would interest him.

"You might say \$25,000 a year as a starter," he replied. Then he winked, leaving you to decide whether he was serious.

Bo McMillin, coach of the National Football League Lions, was in town, too, last night to speak at the Heisman Memorial award dinner honoring Hart as the outstanding football player of the year.

McMillin has been talking with Walker, last year's Heisman winner, as well as Hart, but acknowledges he has made little progress with either athlete.

"I hope to have them both in our backfield next year," the silver-haired coach drawled. "I'd play Hart at fullback and Walker would make a fine addition to our team."

Hart, whose draft rights in the All-America conference are held by Baltimore, hinted he was leaning toward the Lions because auto manufacturers in the motor city

CASEY STENGEL (right) manager of the New York Yankees, and Johnny Neun, Yankee trouble shooter are shown at the Minor League Convention at Baltimore.

had offered him off-season jobs utilizing his engineering talents. Kelley of Yale, also an end, is the last lineman to out-glitter the backs so noticeably. He did it in 1936.

Braves Boss Answers Back

Southworth Indicates No Player Differences

BALTIMORE, Dec. 8—(AP)—If Billy Southworth is troubled by reports of discontentment among his players, the balding Boston Braves' manager is giving no sign of it.

Making his first appearance at the minor league convention yesterday, Southworth cleared some of the tension by declaring in a press conference:

"I didn't come here to tear the club apart. If any of you fellows think I feel that I'm forced to dispose of some members of the team, you're positively wrong. I'll never lower the dollar value on any of my players."

"There are no differences between me and my players as far as I'm concerned. Sure I'd like to make some deals, but only if I think they will strengthen the Braves."

Reports that Southworth had to make changes in his personnel stemmed from the sad situation in Boston all last season. Rumors of a player revolt during spring training followed by Billy's departure from the club in mid-season and the notorious half-share voting incident, all led to the belief that the manager was sure to clean house for 1950.

To emphasize the point that the anticipated house-cleaning won't come off, Southworth revealed that pitcher Johnny Sain and shortstop Alvin Dark—two of the players supposed to be on the trading block were on his "don't trade" list.

Southworth, however, wouldn't go that far with Eddie Stanky, rumored to have been one of the leading forces in the clubhouse vote of "non-confidence" which resulted in Southworth being awarded only half a share of the team's fourth place money—an action later reversed by Commissioner A. B. Chandler.

In reply to a reporter's question whether Stanky was a marked man, Billy quickly replied: "No, sir! Nothing of the sort. There is as much chance of Stanky being back as any other player—and I've read the newspapers."

However, Southworth indicated that Stanky would be traded if a suitable offer were made. He appeared to take special pains in pointing out that the Braves had a young second baseman, named Roy Hartsfield coming up from Milwaukee who hit .317 and "was the No. 1 rookie in the American Association."

Pros Tee Off Today In Miami Open

MIAMI, Fla., Dec. 8—(AP)—Play began this morning in the 26th annual Miami Open golf tournament, which marks the start of the winter circuit. A bulky field of 231 competed for \$10,000 cash for the leading pros and trophies for the amateurs.

Chick Harbert, husky young pro from Detroit who won first money of \$2,000 last year with a 274, copped a \$50 prize yesterday when he won the driving contest with a belt of 274 yards into the wind.

Amateur Frank Stranahan of Toledo, O., winner of last year's tournament with 270, has been playing the course for three weeks to get in shape to defend his title.

Eighteen holes will be played each day. Finals are set for Sunday.

National Open Champion Cary Middlecoff of Ormond Beach, Fla., holder with Jim Ferrier of the international four-ball title won over the same course last winter, ranks among the favorites.

Other favorites include Sammy Sneed of White Sulphur Springs, W. Va., PGA champion and leading money winner of 1949; John Palmer of Badin, N. C.; Claude Harmon of Marmaroneck, N. Y.; Skip Alexander of Lexington, N. C.; Jimmy Demaret of Ojai, Calif.; and Fred Haas, Jr., of New Orleans.

AAU In Hot Debate Over Foreign Entries

SAN FRANCISCO, Dec. 8—(AP)—The 61st annual convention of the Amateur Athletic Union opened today with red-hot debate expected on whether to bar foreign athletes from AAU competition.

The 250 delegates also will consider opening amateur events to professionals of other sports.

The four-day meeting will be presided over by James A. Rhodes, mayor of Columbus, O., and president of the AAU.

The Iowa and Middle Atlantic association have advocated barring foreigners from AAU competition; Rhodes is against the ban.

Cut Ohio State Rose Bowl Tickets

COLUMBUS, O., Dec. 8—(AP)—Ohio State University ticket director Wade Kraner said yesterday he'll only get 10,700 Rose Bowl tickets—800 fewer than he expected.

The Rose Bowl ticket committee in California told him it had over estimated the number of tickets available for distributing here for the OSU-California game. So, says Kraner, there will be none for the general public.

Hot-Shot Bowlers Begin Tournament

CHICAGO, Dec. 8—(AP)—Sixteen of the nation's foremost ten-pin stars will begin firing today in the finals of the ninth National All-Star bowling tournament. A round robin series will continue through Sunday night when the title and the \$2,000 first place award will be decided.

Leading the 14 qualifying bowlers into the finals last night was Chet Bukowski, 34-year-old unemployed sporting goods salesman of Detroit. Bukowski finished with a 36-game score of 7,401. Bukowski, released this season by the Eckhardt and Beckers national five-man champions, beat out an old teammate, Charles (Chuck) O'Donnell, who placed second with 7,384.

Detroit topped the field with six finalists, while Chicago qualified three. Connie Schwoegler of Madison, Wis., defending champion, and Andy Varipapa of Hempstead, N. Y., 1948 runner-up, were seeded into the finals. However, they rolled along with the field for a \$750 side purse, Varipapa winning by 7,350 to 7,220.

The 12 finalists in the women's division will roll their final eight games for the title today. Mrs. Marion Ladewig, Grand Rapids, Mich., and Mrs. Dorothy Miller, Chicago, retained their one-two positions upon completion of 16 games last night.

Leaders in the women's division at that point included third-place Catherine Burling of Cincinnati and Stephanie Balogh of Cleveland, sixth.

Musicians To Seek Further Band Bans

NEW YORK, Dec. 8—(AP)—The American Federation of Musicians may seek to bar amateur bands from events at New York City's three big baseball parks—Yankee Stadium, Ebbets Field and the Polo Grounds.

This was hinted by the AFL union's local 802 yesterday, following its action to keep student bands away from college basketball games at Madison Square Garden.

The union called the games "ventures for profit." It cited a 35 per cent drop in musicians' employment since last year, and said professional instead of student bands must be used for the events.

The union said it would "next turn its attention" to the baseball parks, which are used for professional and amateur football, games and other sports and gatherings, in addition to baseball games.

However, the big baseball clubs based at the parks rarely put on musical entertainment. A union spokesman said it plans to do not involve the baseball clubs.

STRIKES TO SPARE

Gordy Scott of Amvets 1 in the Service Club league, slapped the pins for a 597 series Tuesday night to lead the league. His set included games of 159, 224 and 214 and was the best bowled in the league this season.

Despite his high mark, the Amvets dropped two games to the K. of C. 1 five, led by Potts, with a 550 night. The K. of C. club hit 2617, the best team mark of the night and second high for the season.

Best in the Deming league Tuesday was Cope of Dept. 11, who chalked up a 550 set. Spears of the Brass Foundry collected 531.

Foreign Policy Battle Looms

Vandenberg Urged To Open Criticism

WASHINGTON, Dec. 8—(AP)—Senator Vandenberg (R-Mich.) is being urged by some Republicans to clear the way for GOP attacks on the administration's attitude toward China, Spain and possibly Israel.

Recuperating in Michigan from a major operation, Vandenberg has informed friends here he plans to return to Washington for the opening of the new session of congress Jan. 3.

Party colleagues want the Michigan senator to clarify the Republican course on the bipartisan foreign policy.

Some say they hope that while Vandenberg will call for continued Republican cooperation with the Democrats on major foreign issues, he will point out as he has in the past the GOP has not been consulted in advance except on decisions in a narrow field.

Senator Brewster of Maine, chairman of the GOP senatorial campaign committee, is said to believe the Republicans can make issues in the 1950 campaign of the administration's handling of the China, Spain and possibly the Israel problem with its continuing turmoil and dissension.

Senator Wherry (R-Neb.) and others are ready to sail into the Democrats for failing to establish full diplomatic relations with Spain. Brewster may tee off on the Israel problem.

Jaycees Seek Names For Annual Ohio Award

COLUMBUS, Dec. 8—(AP)—The Ohio Junior Chamber of Commerce wants to learn the names of the state's outstanding young men this year.

Nomination blanks have been sent to all Ohio Chambers and Junior Chambers, radio stations, newspapers, universities, and representatives of industries and professions.

From one to five young men between 21 and 35 will be chosen for the Junior Chamber distinguished award in January.

TB Movie Shown To Leetonia P.T.A.

LEETONIA, Dec. 8—The monthly meeting of the Patron-Teachers Association was held at the High School building Monday evening with the president, Mrs. Victor Hehl, in charge. Mrs. Curtis Grindle was program chairman.

A film on treatment of tuberculosis at sanatoriums was shown. Mrs. Earl Kelley of Washingtonville told the story of the Christmas tree. Carol singing was held under the direction of T. B. Cope. The P.T.A. will sponsor a concert by the Columbiana County Symphony orchestra Sunday afternoon, Feb. 19. Miss Georgeanna Beaver, violinist, and Mrs. Edward Mellinger, harpist, will have part in the program.

Home Builders Chided For Slipping In Market

DAYTON, Dec. 8—(AP)—Home builders were chided last night for letting the automobile industry get "a fatter slice of the American spending dollar."

Frank Cortright, executive vice president of the National Association of Home Builders, made the remark as the Ohio Association ended its meeting here.

"For every American who bought a new home this year," he said, "five of his neighbors bought new automobiles."

He pointed out that automobile makers will have taken \$11,000,000,000 out of the national pocket-book by the end of the year. During the same time home builders will realize \$9,000,000,000, he said.

Leetonia Notes

Mrs. Raymond Baker entertained contract bridge club associates Wednesday afternoon.

Mr. and Mrs. James DeJane are the parents of a son born Sunday at the Salem City hospital. Mrs. DeJane is the former Geraldine Mercure.

Mrs. Dan Cavanaugh and daughter Shelly left Wednesday night for their home in Los Angeles, after a six-weeks visit with Mrs. Cavanaugh's parents, Mr. and Mrs. Erie Chamberlain.

Unemployment Claims Rise In November

WASHINGTON, Dec. 8—(UP)—The Labor department reports that unemployment insurance claims increased slightly in November.

Robert C. Goodwin, director of the department's Bureau of Employment security, said that continued claims averaged 1,967,094 weekly in November, as compared with a 1,820,655 average in October.

NEW BRIDGE OPENED
CONNEAUT, Dec. 8—(AP)—The new \$114,000 Furnace road bridge spanning Conneaut creek, southeast of here, was opened to traffic today. The bridge, started last spring, replaces an old covered bridge.

SENATOR TO SPEAK
OBERLIN, Dec. 8—(AP)—Sen. Estes Kefauver (D-Tenn.) will speak at Finney chapel of Oberlin college tomorrow at the annual high school debate clinic.

Football Awards Presented Salem High School Players

In a football recognition assembly Wednesday, High school gridmen received varsity, reserve and freshman football awards. Head coach, Ben Barrett, presided and introduced assistant coaches, Cyril Lipaj, Everett Dean, Ward Zeller and Kenneth Jacobs.

Jay England and James Callahan, co-captains for the 1950 team, were presented during the program.

Fred Roth, varsity end, received a new award, "The Coaches Cup," for being the most consistent blocker and tackler in all the games during the past season. The cup will be an annual award.

Movies of the Salem-Lisbon

game were shown during the assembly.

The twenty-five varsity lettermen are:

George Reash, 1949 team captain, Elijah Alexander, Fred Bischoff, James Callahan, Tony Colian, Fred Csepke, Jay England, James Ference, Bruce Frederick, Ford Joseph, Victor Lake, Donald Lippiatt.

Don Loutzenhiser, Robert Muhleman, Joe Nocera, Paul Noll, William Pasco, Richard Perkins, Fred Roth, William Scott, Robert Theiss, Dean Votaw, Robert Whitacre, Walter Wisler and Paul Harp.

Trainers were Jack Haldeman and Tom Pastier and managers

were Mark Miller and Clifford Greenisen.

Reserve letters went to James Cusack, Bruce Davis, Larry Herman, Dean Horton, Martin Lutsch, Donald McCormick, William McCormick, Louis Quinn, George Roher, Maurice Sinsley, Ray Smith, Charles Sneddon, Jack Thorne, James Watterson, John Tarzan and William Vogelhuber.

Reserve managers were William Baker, Ken Layden and Gerald Patterson.

Freshman numerals were awarded to:

William Crookston, Harry Davidson, Jack Ference, Joseph Hrovatic, William Humphreys, Wayne Ickes, Kenneth McBrien, George Manning, Nelson Melling, Jerry Mountz, Michael Pastier, Albert Rowlands, Jon Zeigler.

Raymond Abrams, Philip Bishop, John Brantingham, Ronald Callatone, Joe Carmelo, Jack DeWan, Gary Greenisen, Richard Gregory, Pete Menegos, Richard Metzgar, Ronald Mordew, Robert Roth, Robert Stirling, Ray Whinery and Clyde Zepernick.

Commercial Plane Missing; 7 Aboard

OAKLAND, Calif., Dec. 8—(AP)—Fate of a missing commercial airplane, carrying seven persons, was still cloaked in mystery today.

The plane, a two-engine DC-3 operated by the California Arrow Airlines, had a crew of three and four passengers aboard.

Search parties were scouring an area between Pinole and Martinez, about 30 miles northeast of here.

Participating in the search were sheriff's deputies, highway patrolmen, and airmen from the air-rescue unit at Hamilton air base in San Rafael.

An earlier report that ranchers near Franklin canyon and the control tower at the Fairfield Suisun air base had seen flares from the plane was discounted by the Contra Costa county sheriff's office.

The flares were from the Shell Chemical Co. plant at Pittsburg, a deputy sheriff said. He explained the company released excess gas periodically, which produced flares.

Ranchers in the Franklin

canyon area, however, said they had heard a low flying plane and the sound of a crash last night.

yet to be returned from overseas and similar burial duties for Salem resident veterans.

Legion Commander William Schaeffer outlined the purpose of the council as a plan to improve participation in civic projects by uniting the efforts of the three posts. He, too, cites the need for the veterans joint effort in child welfare and other Salem projects. The council will help to eliminate overlapping and conflicts in the handling of patriotic activities, he said.

Representatives

Representing the Legion will be Schaeffer, First Vice Commander Raymond Reich; Second Vice Commander Clifford Beck; Past Commander John Herman, Jr. and delegates John Callahan and William F. Jelen.

McGaffick heads the V. F. W. delegation of Senior Vice Commander William Criss; Junior Vice Commander Ralph Moffett, Past Commander Harold Close and delegates, Charles Schnell and Marshall Sutherin.

Delegates Mancuso, Amvet dele-

gates are: First Vice Commander Rex Reich; Second Vice Commander Maurice Sechler; Past Commander Paul Fogg and delegates, Gordon Melow and George Ryser.

At the Sunday meeting the delegates will elect a commander, vice commander and an adjutant. They will make plans to draw up a constitution and by-laws. A combined membership of almost 1,300 veterans will be represented in the council.

Yellow Oleo Legal In Ohio Today

COLUMBUS, Dec. 8—(AP)—Ohio housewives were able to buy yellow oleo in their grocery stores for the first time in 62 years.

The ban on manufacture and sale of yellow oleo was lifted at 12:01 a. m. Voters approved lifting of the ban at the Nov. 8 election. Oleo manufacturers said all brands in the yellow variety probably would not be found on grocery shelves today, but they expect the choice will be wider by tomorrow or Saturday.

The yellow variety will cost about 10 cents more a pound than white oleo. The price difference will take care of a federal tax of 10 cents a pound on the pre-colored product.

Grocers selling the yellow variety have to buy a license costing \$48 a year in addition to the \$6 a year license to sell white oleo.

A survey of major Columbus grocers showed yellow oleo will cost between 29 and 39 cents a pound. The white variety currently sells for from 19 to 32 cents a pound.

Barckhoff Estimates E. Liverpool Project

Deaths and Funerals

Jacob Ludwig

LISBON, Dec. 8—Jacob Ludwig, 86, died Tuesday night at the county home, here he had lived for five years.

Born in Monroe County on Dec. 27, 1862, he was the son of Daniel and Louise Ludwig. He had resided in this vicinity for about 10 years and was a farmer.

Surviving are two stepdaughters, Mrs. G. A. Campbell of Youngstown and Mrs. Della Shaw of Athens; three brothers, John of Salem, Chris of East Liverpool and Louis of Ripley, W. Va.; a sister, Mrs. Anna Custer of Okemah, Okla.

Funeral service will be held at 8 p. m. Friday at the Henry funeral home, in charge of Rev. C. F. Kenneweg. Burial will be made in Athens Saturday.

Friends may call Friday afternoon at the funeral home.

Weather Details

(International News Service) Ohioans, who are having their "first day of real winter," might just as well stop waiting for the mercury to climb above the freezing mark today.

"Today marks the beginning of a 92-day period that is scheduled to bring Ohioans their coldest days this year," Weatherman C. G. Andrus explained. The series of "coldest days" are based on records compiled over a period of 80 years.

A day and night of sub-freezing temperatures, accompanied by winds and snow flurries, will also mark another "first" for the state, Andrus continued.

So far this season the mercury has managed to climb above the freezing point every day, he said, but it doesn't stand a chance today. The lowest readings tonight will be somewhere between 10 to 15 degrees, followed by fair weather and continued cold Friday.

Eight Alcoa Plants Re-open After Strike

PITTSBURGH, Dec. 8—(AP)—Eight Aluminum Companies of America plants, strikebound since Oct. 17, began opening today to prepare for full-scale production.

The 17,000 CIO United Steelworkers at the plants are covered by a new contract which gives them wage adjustments, pensions and insurance. The agreement provides \$100 monthly minimum pensions, including social security, and social insurance benefits.

Despite the announced settlement, Steelworkers Local 309 voted last night to remain on strike at a ninth plant, at Alcoa, Tenn., until the company meets two conditions.

Longest Conveyor Belt In Use At Morgantown

AKRON, Dec. 2—(AP)—The Goodyear Tire & Rubber Co. said today it has installed the world's longest single conveyor belt—10,900 feet—at a Weirton Steel Co. mine near Morgantown, W. Va.

From a washery near the mine, the belt hauls the coal through a hill tunnel to a tipple for loading on barges at the Monongahela river.

The belt is 30 inches wide and delivers some 250 tons of coal per hour. The fuel moves along at 300 feet per minute.

Goodyear said it had built the previous longest belt, 4,985 feet, for the Grand Coulee dam project 10 years ago.

ANNOUNCE APPOINTMENT

ALLIANCE, Dec. 8—Mayor-elect Harley R. Ewing today announced that Mrs. Helen Wheaton of 1042 S. Linden ave. had been appointed director of city relief for the new administration, which will assume office Jan. 1.

Li, China President, Will Return To Fight

NEW YORK, Dec. 8—(AP)—As soon as he is well enough, Li Tsung-Jen, China's acting president, says he hopes to return to his homeland to "resume the fight against the Communist forces of aggression."

The 59-year-old Chinese leader, suffering from what his doctors called "serious stomach disorders," arrived here yesterday by plane for a medical checkup.

After a brief tour of Manhattan's Chinese community, he was taken to a suite at Presbyterian hospital, where he will undergo medical examinations.

Herman spoke in appreciation of the veterans and citizens for the work of the committee which secured and installed the board. Ralph Hawley and Joe Kelley were in charge of securing the funds to obtain the board and Harmon Zepernick directed the installation of names.

Almost \$4,000 was obtained in a community drive and the board now contains approximately 3,600 names of area men who were in service. There are 89 names in gold, indicating deceased veterans.

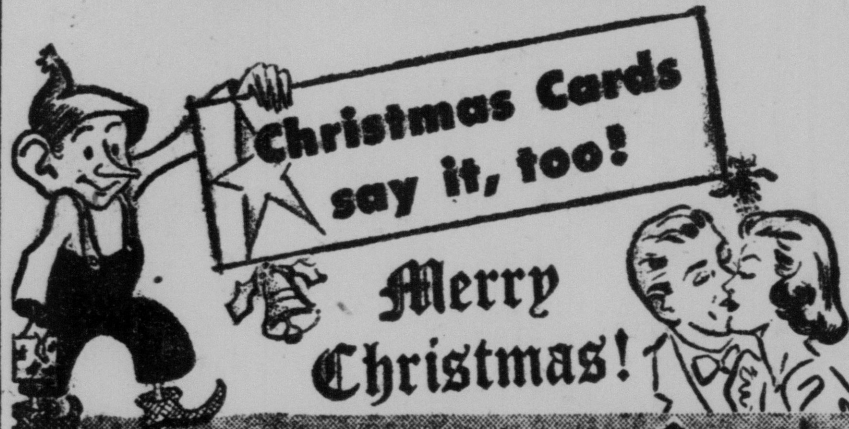

The program was concluded with the sounding of taps and echo with details at present arms. Lieut. Knickerbocker gave the benediction.

Almost 50 veterans, representing the three posts and the Sons of Union Veterans, participated in the half-hour ceremony, which included a military changing of guard every 10 minutes.

Children's Dreams Coming True, Dolls Almost Human

By PEARL WALKER

Little girl, your doll dream has come true! Modern mechanism has transformed dolls into human-like "creatures" for you to mother. One of the newest, "Baby Coos," reputed to be the most sensational in all doll-dom, coos, complains, sobs and screams. Her emotions depend on how you handle her.

The Schilling talking doll, new this year, laughs, cries, gurgles and sobs, according to the way you adjust the mechanism in her back. It works automatically.

One of the most unusual, and a fast seller, is the "creeping" doll, a small baby model, made of plastic and metal. Wind her up and she creeps like a real baby.

ANOTHER IS "the doll of changing moods." You turn a button on top of her head to change her face into three different expressions.

Fairyland dolls, "ladies in fancy formal attire," and dolls dressed to represent other countries are popular for collections.

Mary Woods, seven, and her sister, Suzanne, three, daughters of Mr. and Mrs. Jack Woods in nearby Leetonia, have one of the most unusual doll collections in the district.

The collection was started when Mary was two months old. A friend of the family was visiting her son at Camp Biloxi, Miss. She brought Mary a novelty doll with a pean head from that state, which gave Mrs. Woods the idea of collecting dolls.

In a family of 290 dolls there are 45 from 20 different states, 75 story book and rag dolls, 65 miscellaneous and 102 antique and foreign models, most of which were collected, mended and dressed by Mrs. George Woods, grandmother of the girls.

AN EGYPTIAN MUMMY, the oldest doll, was brought from Cairo by Grandmother Woods, who visited there. Some of the ancient dolls were made of clay, bone, bronze, ivory and wood.

A beautiful blond wax head doll, dressed in brown lace, is more than 100 years old. Their largest doll (Philip) is life-size and has the reputation of having been in the movies. The smallest, "Mexican fleas," (man and woman) were dressed under a magnifying glass.

A milk bottle mammy, designed from a Vermont milk bottle, is said to be the most original and "Pavola," made by Madame Pavola during World War I to raise money for the soldiers, is the most unique. A potato masher doll is a least 80 years old.

Dolls characteristic of states are as follows:

Mississippi — Southern Miss with pean head; Arizona — Indian girl, dressed in plaid, black velvet and beads; California — Indian girl, Romona; Louisiana — pickaninny from New Orleans; Florida — Seminole Indian, also palm leaf doll with a nut for its head; Texas — Handmade Texan and a "girl with a thousand faces"; Pennsylvania — Amish couple; South Carolina — Corn Husk lady and Utah — Mormon pioneer couple.

ARKANSAS — "Aunt Jerusha" and "Uncle Elmer," corn cob heads, made by the Ozark mountaineers; Missouri — Indian Papoose; Georgia — Mammy cotton picker from Savannah; New Mexico — Indian and Squaw; Ohio — Button and bead doll, made by a Cleveland woman, and a clothes pin doll; New York — French cook; Maine — Scotch Laddie and Virginia — colored Romeo with white spectacles.

Foreign dolls are from China, Japan, Mexico, Russia, Italy, France, South America, Haiti, Portugal and Spain.

Japan is said to have a Feast of Dolls, to which ancestral dolls are brought. Many of them are hundreds of years old. Rice and other Japanese dainties are placed in a special pot before each one. Little girls are not allowed to play with these dolls. They are to be looked at and admired.

Travel the world around, and you will find dolls in every land and little girls who love them.

Skunk Oil

Wonderful For CHEST COLDS

R. J. Blake, Pennsylvania druggist, says: "SKUNK OIL SALVE gives quick relief from distress of chest colds, croupy coughs, muscular aches and pains." For centuries, the rich, warm, penetrating oil of the lowly skunk has been used in Russia and other cold countries to relieve certain forms of congestion, rheumatism and sore, aching muscles. Now, this pure natural penetrating oil is incorporated with six other natural ingredients into a delightfully smelling aromatic salve. Its warm, stimulating glow will last hours longer than the cheaper petrolatum ones. Get a small jar at your druggist today. Don't wait! (If druggist out of stock, accept no substitutes but rush to Ol-Tyme Medicine Co., Box 1129, Warren, Ohio, for genuine relief-giving SKUNK OIL SALVE. Or \$3 to above address for a year's supply for the whole family.)

Merchant Is Church Treasurer 50 Years

COLUMBIANA, Dec. 8.—Henry Staley, oldest merchant here, who is completing his 50th year as treasurer of Jerusalem Lutheran Church, declined renomination Sunday for the annual election to be held next Sunday and was made treasurer emeritus.

He has been elected to the office 50 times, the term being only one year. Mr. Staley began his business career as a boy in Co-

lumbiana, when he became an employe in Frederick & Son's shoe store in 1882.

He has been in business for himself many years and still spends some time in his store, although not regularly.

Comets paid for the building of a home in Nashville, Tenn. Edward Emerson Barnard, who later became a famous astronomer, paid for his house by discovering new comets for which cash prizes were offered.

8,556 County Vets Paid Bonus Claims

Columbiana County veterans have received \$2,606,404.85 from the World War II Compensation Fund, it was announced today.

The payments resulted from 8,556 claims. Mahoning county received \$8,166,337.25 on 25,585 claims.

Of the 770,836 bonus claims re-

ceived in Ohio through Nov. 30, 13,171 remain unsettled, fund Director Scrimger stated today.

Return Of AWOL Soldier Nets Police \$25

COLUMBUS, Dec. 8.—(AP)—A drastic cut in the gasoline ration has caused the Army to revise its system of picking up soldiers absent without leave, Fort Hayes disclosed today.

The provost marshal's office said the Army has been ordered

to cut its gasoline consumption 90 per cent and for that reason it no longer can send military policemen by truck to pick up AWOL soldiers.

Local law enforcement officers stand to benefit by the gas curtailment. If they bring AWOL soldiers to one of six "receiving stations" in Ohio, the Army gives them \$25 for each soldier returned.

But if the Army has to come and get the AWOL, the payment is only \$15 each.

Oberlin Man To Wed 3rd Time At Age 97

ELYRIA, Dec. 8.—(AP)—ohn C. Hanson of Oberlin, Ohio, applied for a marriage license here yesterday.

His intended bride is Miss Hannah Louise Garford, 56, of Oberlin, daughter of one of the founders of the Garford Auto Works, one of Elyria's first industries.

Hanson has been married twice before. He is 97.

Patents Cover New Gadgets

Unusual Inventions Are Announced

WASHINGTON, Dec. 8.—(INS)—Having Christmas shopping troubles? Well the U. S. Patent Office might be able to help you.

It has just issued a new list of patents to manufacturers and inventors which may suit your requirements to a "T."

How about a sleeve stretcher? Or, perhaps:

A device for keeping bags open while being filled, a dress shirt, a junior motorcycle, a play horse, a hanger or drying rack, or a toy coin projecting pistol.

Maybe you want to really show your stuff and present a deserving friend a "propylene alkylated" with aluminum chloride complex catalyst."

Then again, you might have a special relative you may want to give a special gift. Say, a land mine.

All these and many more inventions have just been patented, according to an announcement by the Patent Office.

Lynn W. Butcher of Chinook, Mont., developed the sleeve stretcher which probably will go a long way toward speeding up ironing by housewives.

The stretcher involves a metal form which is inserted in the shirt sleeves and reshapes the cloth, making ironing much easier.

The bag-filling patent was obtained by Herman Schultheis of Basel, Switzerland. It consists of a U-shaped frame and hook shaped bag-holding clamps carried by the frame which is adaptable to accommodate various sizes of bag openings.

The toy coin pistol was patented by Harold F. Burt, Wilmette and Adolph Theis of Aurora, Ill., who assigned it to the Silver King Corporation.

They said the gun was designed for use as an amusement device "wherein a coin is shot at a target."

The patent office didn't say too much about the land mine invented by Lyle K. Kiljegen of Alexandria, Va.

The mine was made so as to "limit movement of the firing device short of a full stroke, at will," but no mention was made of the power of the bomb.

It also said that Kiljegen assigned the patent to the secretary of war after he applied for a patent in 1944.

East Goshen Notes

Revival services at the East Goshen Church are continuing each evening this week, including Saturday, with Rev. Hurley Cross of Pomona, N. C., evangelist, and Kenneth Phillips of Damascus in charge of the music. The special services will close Sunday evening.

Mrs. Louis Warren has received word that Mr. and Mrs. Lawrence Clark and son and Donnie and Erma Warren have arrived in Los Angeles, Calif., where they are visiting their brother and sister-in-law, Mr. and Mrs. Wilbur Warren. They visited Boulder Dam, Grand Canyon and other interesting points enroute.

Mr. and Mrs. Clyde Whitacre and family attended calling hours for the former's Aunt, Mrs. Fredericka Whitacre, at the Billow funeral home in Akron Sunday.

Mr. and Mrs. Merle Sherrett and family spent Sunday with Mr. and Mrs. Harry Cutting of Randolph.

Mrs. Richard Myers, who is ill, is reported improving.

Mrs. Victor Herold and children of Beloit and Mr. and Mrs. Harry Stoffer and Mrs. Rose Smith of Salem called on Mr. and Mrs. Louis Warren Sunday.

Mr. and Mrs. Charles Corbett of Cleveland spent the weekend with her mother, Mrs. Blanche Thompson, and children. Miss Ann Thompson accompanied them to Cleveland for a week's visit.

Mr. and Mrs. Curtis Santee have moved from their farm to their home in Damascus.

Mr. and Mrs. Paul Myers accompanied by Mr. and Mrs. Frederick Schoeni of East Beech attended the stock show in Chicago last week.

THREE-IN-ONE X-RAY.—Introduced to members of the Radiological Society of North America in convention in Cleveland, O., was this new X-ray machine which provides the widest range of radiation ever produced by a single unit. Developed by General Electric and called the Maxitron 250, the unit actually is three machines in one, producing X-rays at voltages ranging from 100,000 to 250,000. It can be used for a wide variety of X-ray treatments, ranging from "soft" rays for skin diseases to most penetrating rays for treating deep-seated malignancy.

MANSFIELD LADY LOST 50 LBS. WITH RENNEL

Mrs. D. A. Hart, 64½ S. Main St., Mansfield, Ohio writes, "Since taking Rennel I have lost 50 lbs. and believe me I can truthfully say I am well pleased. Before losing these extra pounds I was certainly in a rut, as I could hardly do my own house work. Now I feel and look younger, enjoy my work and love to take long walks. I have just returned from visiting my daughter, who was surprised and pleased at the weight I had lost and the pep I now have."

Imagine, eat plenty and lose weight with this simple yet effective amazing home recipe. After purchasing a bottle of Rennel from your druggist pour

the contents into a pint bottle and add enough grapefruit juice to fill bottle. Take two tablespoonsful twice a day. That's all there is to it. No diets to complicate your meal planning. No expensive vitamins to fortify your system from weakness while going without food for you can eat normally. If the very first bottle doesn't show the simple, easy way to lose pounds of bulky fat and help regain slender, more youthful curves—if reducible excess fat doesn't seem to disappear almost like magic just return the empty bottle to the manufacturer for your money back. Don't be switched to another product, insist on genuine Rennel.

Farm Women's Club Planning Yule Party

DAMASCUS, Dec. 8.—Election of officers and an exchange of Christmas gifts will be features of the next meeting of the Progressive Farm Women's Club December 15.

CROP Sunday Designated For County

Sunday, Dec. 11, is CROP Sunday in Columbiana County. The Christian Rural Overseas Program will be presented to church members for their participation on that date.

The program is a church-sponsored movement for subscriptions particularly from rural people for relief for the needy overseas. The food is distributed by churches in some 40 different countries in Europe and Asia.

The goal set by the Columbiana County CROP committee in a meeting with rural ministers last week was a carload of powdered milk and a carload of wheat from the county.

Cash contributions will be received in all of the churches of the county, both rural and urban, on that date and pledges will be received from farmers who prefer to contribute wheat, corn and milk. The following week will be campaign week when farmers not in attendance at church Sunday will be invited to participate in the program.

Grain will be delivered to local dealers from Dec. 12 to 23 and Dec. 23 has been designated as Milk Day. On this day, local distributors will deduct from patrons' milk checks the deduction authorized by contributors of milk.

Cash from the milk and grain will be used to purchase powdered milk and wheat for shipment abroad.

The Grange and Farm Bureau are both cooperating with the churches in carrying on the program. All contributions made reach the needy overseas, since all the work of county leaders is donated.

All contributions are made from an unselfish standpoint. The Christmas spirit of giving is being emphasized in the campaign by the county CROP committee.

Galen Greenisen of Salem, Delbert Sittler of Leetonia, and Neil McIntosh of East Liverpool have been elected co-chairmen of the campaign.

Farm Group To Meet

The regular meeting of the Farm and Home Builders will be held Monday evening, at 8:30 p. m. in the Midway Grange Hall.

The topic for the meeting will be built around the Christmas theme, with Mr. Robert Powell, visiting professor of religion at Mount Union College as the speaker. Mr. Powell was a Y. M. C. A. worker before accepting his present position.

The singing of Christmas Carols will also add to the enjoyment of the evening. The group is made up of young farm people and is designed as both educational and recreational. All interested persons are invited to attend.

Poultry Meeting Set

Poultry meat producers of Columbiana County will meet in the Columbiana High School Thursday night, Dec. 15 at 8 to discuss various problems in poultry meat production.

C. T. Newsom, Manager of the Northeast Ohio Poultry Association, will speak on problems in marketing of poultry.

Ralph E. Dower, Kasco Mills, Toledo, will speak on the topic, "Ohio Needs More Broiler Growers." He will discuss the economic value of broiler raising and various management factors necessary for good broiler growth and profits.

The meeting has been planned by the Columbiana County poultry committee to assist farmers interested in broiler production.

To View Film

The annual meeting of members of the Central Ohio Breeding Association in Columbiana and Mahoning counties will be held Wednesday evening, Dec. 14, at 8 in the basement of the Methodist Church in Salem.

The film, "The Challenge," made by the New York State Extension Department, will be shown. This film deals with doing a better job of farming by raising better hay crops, better pastures, the use of lime and fertilizer, a better job of feeding and generally a better job of dairy management practices which may enable the dairyman to increase his average production.

Dick Kellogg, manager of the state association will discuss new developments in the breeding program.

The Columbiana County group will elect a director and two committee members at the meeting. Artificial insemination of dairy cattle is also planned for this meeting.

Orchardists To Convene

The Columbiana Horticultural Society is sponsoring a meeting of all orchardmen of Columbiana County in the Fairfield Centralized School on Saturday, Dec. 17 at 1 p. m. The theme of the program will be marketing of apples.

Officers of the society will also be elected. A report of the Fruit School at Wooster will be given by a local grower.

Speakers for the occasion will be Karl Kahler of the Ohio Council of Retail Merchants, Columbus, who will speak on the subject, "How To Get Chain Stores

in this Area to Buy More Apples," and Herbert McFeeley, extension marketing specialist, Pennsylvania State College, will discuss the Pennsylvania potato marketing program.

Local fruit growers are studying the possibility of improving the marketing of apples in this area. Floyd Sidwell, a grower of near Columbiana, is president of the society.

Vet Attends Funeral

Dr. R. C. Brager, veterinarian in charge of the brucellosis eradication work in Columbiana County, was called to Iowa last week by the death of his father. Dr. Brager is working in Columbiana County again this week.

Herds which were not tested for brucellosis since Feb. 1, 1948 and herds which were positive on the recent Ring Test of milk, unless tested within the last four months, are being tested by local veterinarians, according to information received from Dr. Brager. It is expected that the test will be completed 100 per cent within the next few weeks.

New Rose Varieties Ratings Released

Ratings on some of the newer rose varieties submitted to the official test garden of the American Rose Society at The Ohio State University for study have been released after a three-year test period, announces L. C. Chadwick, of the department of horticulture of the Ohio Agricultural Experiment Station at Wooster.

Varieties were scored on the basis of bloom production, color, and form of flowers, growth habit, vigor, stem quality, foliage characteristics, and disease resistance.

Among the better new varieties of Hybrid Teas are the following: Tallyho, Nocturne, Pandango, Taffeta, Sleight Bells, Rose of Freedom, Golden Anniversary, Sutter's Gold, and American Flagship.

These were rated among the best of the new Floribunda varieties: Fashion, Pink Rosette, Pinkie, China Doll, Glorious, Hills Hillbilly, Holiday, and Goldilocks.

A few of the good new climbers are Inspiration, City of York, Iceland Queen, Climbing Santa Anita, and Dream Girl.

Officers Elected By Angus Breeders

Eight hundred Angus breeders from 36 states, Canada, British Isles and Australia attended the 66th annual convention of the American Aberdeen Angus Breeders' Association in Chicago during the International Live Stock Exposition.

Following the banquet, 170 delegates representing the U. S., Canada, and British West Indies elected Dan T. Warner of Dayton, Ohio, as president of the association. Warner succeeds Dr. J. J. Hendren of Fowlerville, Mich.

A western rancher, Andrew Anderson of Encampment, Wyo., was named vice-president. Directors elected to succeed themselves were J. H. Quisenberry of Winchester, Ky., and Andrew Anderson.

New directors named to the board are Adlai H. Rust of Bloomington, Ill.; Luther T. McClung of Ft. Worth, Tex.; and William G. Volkman, Jr., Selma, Calif.

Finer Limestone Meals Economical

Measurements and tests at the Ohio Agricultural Experiment Station at Wooster of various grades of agricultural limestone meal, used as a liming material, show that the No. 10 grade, ground to a better fineness than the No. 8 grade, is also more economical, says E. E. Barnes, of the agronomy department at the station.

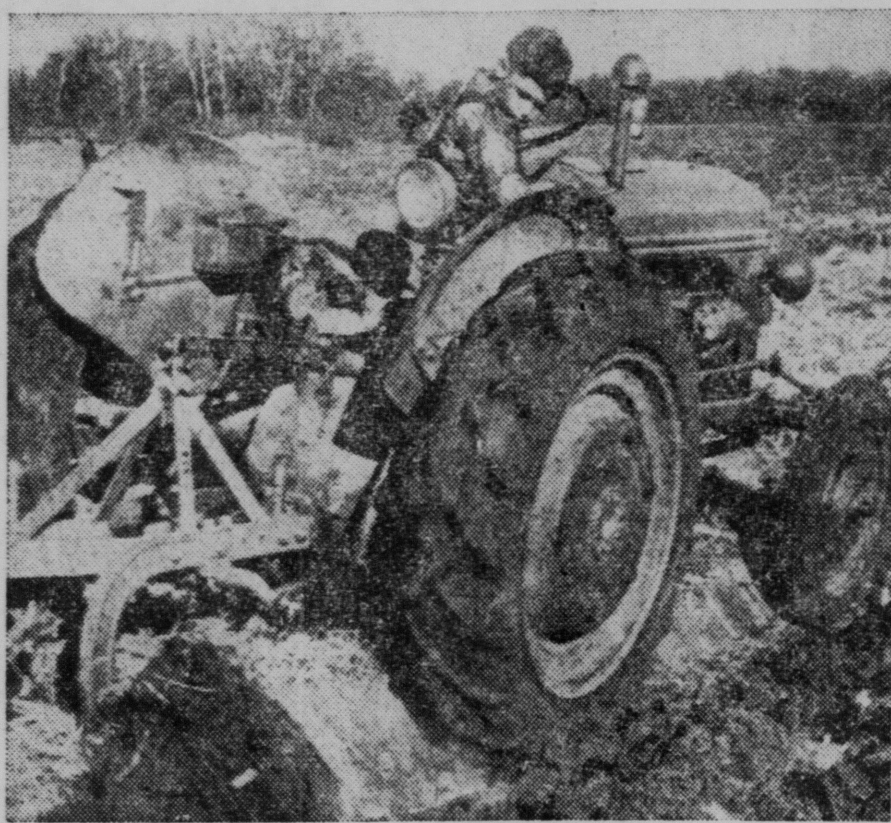

As limestone meals are priced at present, the spread of price between these two materials is only about 75 cents per ton. Agricultural limestone meal differs from other limestone products, made from the same limestones, only in degree of fineness.

Judkins Resigns Station Position

Wesley P. Judkins, in charge of small fruit research activities at the Ohio Agricultural Experiment Station at Wooster since 1943, has resigned to become head of the Department of Horticulture at Virginia Polytechnic Institute at Blacksburg, Va.

His duties at the Experiment Station also included teaching at Ohio State University. Dr. Judkins has also been associated with the University of Connecticut and New Mexico A. & M. College in horticultural work.

As a member of the American Pomological Society, he served

as editor of that organization's magazine, "Fruit Varieties and Horticultural Digest," while at Wooster.

He is also a member of Sigma Xi, honorary society, American Society for Horticultural Science, American Society of Plant Physiologists, Ohio State Horticultural Society, and the Botanical Society of America.

Area Farmers' Cows Complete Milk Tests

Golden Rag Apple Pearl, registered Holstein-Friesian cow owned by Donald Phillips of Salem completed a 312-day production test of 607 pounds of butterfat and 14,702 pounds of milk testing 4.1 per cent in Ad-

vanced Registry, it was announced today.

"Pearl" was milked three times daily and was six years nine months of age when the test period was begun.

Marydean Ormsby Forbes Janice, a registered Holstein-Friesian cow owned by K. P. McDannel, East Canton, O., completed a 365-day production test of

546 pounds butterfat and 13,425 pounds of 4.1 per cent milk made in Herd Improvement Registry. "Janice" was milked twice every day and was three years six months old when the testing was started. Both tests were supervised by the Ohio State University in cooperation with the Holstein-Friesian Association of America.

Egg Price Dip Tops Food News

Pork Items Cut Some; Coffee Sales Down

Further reductions in the price of grade A eggs topped the food shopping news this week. Some stores cut pork items a little more, but most meats, poultry, dairy products and produce items held about unchanged from last week-end.

Coffee prices also steadied and many storekeepers said their coffee sales had dropped below normal as consumers apparently started using up excess supplies they bought during the "scare runs" a few weeks ago.

Eggs were down two to eight cents a dozen in thousands of competitive stores across the country for the second week in a row. At least one chain in the New York area said its egg prices were now the lowest in nearly three years.

And the agriculture department predicted that egg quotations "will continue to drift lower through the flush season of egg production in the first half of next year."

The department's bureau of agricultural economics said a record October egg production (3,749 million eggs) contributed to the price decline during the past two months.

Continued high output, plus a new farm law for 1950 which puts even the maximum price-support below the 1949 support level, promise prices lower for the coming spring than last year.

Meat traders reported a marked upturn in demand for pork, and credited the long downturn in prices. Some reductions ranging as high as 10 cents a pound were reported this week but they were said to be mostly in stores which were slower to trim their prices last week and were just catching up with competitive adjustments. Pork prices as a whole were leveling off.

Customers' Corner

The anti-trust lawyers who want to put A&P out of business don't like our low price policy. They say we use it to drive competitors out of business.

Actually, as every customer knows, our low price policy is designed to do just one thing: Give you more good-food for your money.

Here are the facts about our low price policy:

1. We keep our profits at a minimum. They averaged less than 1 1/2 cents on each dollar of sales during the past five years.
2. We have for years had a strict policy against below-cost selling.
3. We do not have any "week-end specials" but feature low prices the whole week long.
4. We charge the lowest practical prices everywhere we operate.

That is why we say, regardless of where you live, you will save money week in and week out by doing all your shopping at A&P.

NO MORE GUESSING

- At what you're spending as you shop . . .
- At what each figure on your Cash Register Slip refers to . . .
- At what you spent for certain items last time you bought them . . .

THE PRICE IS NOW MARKED ON
EVERY ITEM AT YOUR A&P...
NOT JUST ON THE SHELVES!

Do you keep track of your expenditures as you shop . . . check your purchases against your cash register slip as you put them away . . . compare current prices with those you've been paying? We don't blame you a bit for those thrifty habits. In fact, we're making them easier for you by marking the price of every item in your A&P right on its container, as well as on our shelves. Stop in and see how helpful this new price-marking policy can be to you!

Temptingly Tender and Juicy, Sensibly Priced "SUPER-RIGHT" MEATS

Because A&P selects only corn-fed beef and pork, milk-fed veal and fine-quality lamb, "Super-Right" meats are always tender and juicy. And because A&P is satisfied with only a small profit per pound, they're always sensibly priced. They give you more good eating for your money, too . . . thanks to A&P's policy of removing excess waste from every cut before weighing it.

Health To You

By EDWIN P. JORDAN, M.D.

If You're Thin, Eat More Food

Dr. Jordan

MOST skinny people say that no matter what they eat they cannot gain weight. Even when this statement seems true, and they seem to eat as much as others who have a more normal amount of fat on their bodies, they can usually gain if they work at it. Food is something like coal: the food is the fuel for the human body. Unlike coal, however, if more is taken in than is burned up, it will be transformed and stored as fat. The answer to the question of gaining weight, therefore, is to take more food in than is used by the burning-up activities of the body in the form of exercise and other bodily functions. Foods can be chosen which have a comparatively high calorie or fuel content. Fats or carbo-

hydrates supply more energy and therefore have more likelihood of putting on fat than proteins do. Besides choosing the foods for their weight and energy-producing qualities, it is comparatively simple just to eat more. High calorie-containing foods include the sweets, potatoes, bread and butter, cereals, butter or margarine, cream and the like. Whole milk is also helpful. In trying to eat more fat-producing foods the other necessary elements of the diet should not be left out. One must obtain balance in the diet and some fruits, meat, vegetables, eggs, fish, and other substances which are not high in fat-producing calories should be continued to maintain good health.

It cannot be emphasized too often that a balanced diet must be kept up. Almost anyone who does not have some serious disease can gain weight by following the plan of decreasing activity and increasing the food eaten.

Tasty Items for Dessert

Apple Chutney

INGREDIENTS: Two small onions (1/3 cup diced), 1 pound greenings (3 or 4 medium-sized apples), 1 green pepper (3/4 cup diced), 10 dried apricots, 1/2 cup granulated sugar, 1 cup brown sugar, 1/2 cup cider vinegar, 1/2 teaspoon salt, 1/4 teaspoon cloves, 1/4 teaspoon cinnamon, 1/4 teaspoon ginger, 1/4 teaspoon allspice, 2 small cloves garlic (peeled and minced).

METHOD: Put the finely diced onions in a medium-sized saucepan. Peel, quarter, and core apples; slice and dice into about one-half inch cubes; add to onions with green pepper. Wash dried apricots under hot water, drain and cut in thin strips; add to saucepan with sugars, vinegar, salt, cloves, cinnamon, ginger, allspice, and garlic. Stir over low heat until sugar is dissolved; simmer until thick, about one-half hour. Store in refrigerator. Allow to mellow overnight before using.

Ready-Mix Cake

INGREDIENTS: One package ready-mix white cake, 1/4 cup butter or margarine (melted), 1/2 cup brown sugar, grated rind of 1 medium-sized orange (about 1 tablespoon), 2 tablespoons strained orange juice, 1 one-quarter pound can moist-packed grated coconut.

METHOD: Mix and bake cake according to directions for an eight- or nine-inch square pan. Just before cake is finished baking prepare the topping: Put the butter or margarine in a medium-sized skillet and melt over low heat. Remove from heat and add the brown sugar, orange rind and orange juice, mixing well and smoothing out lumps. Add coconut and mix thoroughly so coconut is an even color. As soon as cake is baked spread topping over top and place under broiler until lightly browned; watch carefully so as not to burn, having cake several inches from source of moderate heat — browning should take from three to five minutes.

Almond Fluff Pudding

INGREDIENTS: One and one-half cups evaporated milk, 1 en-

velope (1 tablespoon) unflavored gelatin, 3/4 cup cold water, 2/3 cup sugar, dash of salt, 2 teaspoons vanilla, 3/4 cup chopped unblanched almonds.

METHOD: Chill evaporated milk in freezing tray of refrigerator to ice-crystal stage. Sprinkle gelatin over 1/4 cup of the cold water and allow to soften. Mix remaining 1/2 cup of the water with the sugar and salt and cook, stirring constantly, until sugar is dissolved; now boil 5 minutes. Pour over softened gelatin and beat with rotary beater until light and frothy. Add vanilla and mix well. Cool thoroughly. Whip chilled evaporated milk light and fluffy. Whip gelatin mixture again. Fold milk into gelatin mixture. Allow to stand in refrigerator a few minutes until partially thickened. Fold in almonds and turn into mold. Chill until firm. Makes 6 to 8 servings.

For a special dessert treat spread white layer cakes with date filling. To make the filling cook the dates in a little water until they are soft and can be mashed easily, then beat in a tablespoon or so of lemon juice and butter. Frost the date-filled cake with a rich chocolate icing.

The right way to slice the turkey drumstick meat is to hold the drumstick at an angle, or upright, and cut down—parallel with the bone—turning to get uniform slices.

Apples Are Plentiful

HERE ARE two tempting Christmas ways to put fresh apple flavor into the cookie jar and candy dish for all ages to enjoy.

FROSTED APPLE FINGERS (makes 3½ dozen)

1 cup red Delicious applesauce
½ cup shortening
1 cup brown sugar
½ cup granulated sugar.
2 eggs
2 cups sifted all-purpose flour
¼ tsp. salt
3 tps. baking powder
1 tsp. vanilla
Cream shortening and gradually cream in sugar. Beat one egg at a time into mixture. Sift together flour, salt and baking powder.

der. Add applesauce and sifted ingredients alternately into creamed mixture beating well after each addition. Add vanilla and pour into two well-greased 8-inch square cake pans or one large oblong pan.
Bake in moderate oven (375 F.) about 30 minutes. Cool and spread with frosting.

Frosting For Apple Fingers

4 tbsps. butter
2 cups confectioner's sugar
½ tsp. cinnamon
Hot water
Heat butter gradually to light brown color; remove from heat and add cinnamon and sugar. Thin the mixture to spreading consistency with hot water added a few drops at a time. Quickly spread over applesauce cake and cut into finger-length pieces about 1 inch wide and 4 inches long.

SANTA'S APPLE SQUARES (makes 2 pounds)

2 cups unsweetened red Delicious applesauce
2 cups granulated sugar
2 tbsps. gelatin
½ cup cold water
1-½ cups chopped nuts
Few drops orange extract
Confectioner's sugar
Sprinkle gelatin on cold water and let stand. Strain applesauce

STRONG MAN — Gen. Pai Chung-hsi, above, emerged as China's new "strong man," with the partial retirement of acting president Li Tsung-jen because of ill health. Pai, called the "White Fox" by the Reds, reportedly has over 200,000 troops.

Columbiana Pandora Lodge Names Officers

COLUMBIANA, Dec. 7—Pandora Rebekah Lodge elected 1950 officers Monday evening and will hold the installation early in January. They are:

Noble grand, Mrs. Grace Bre-
gar; vice grand, Mrs. Effie Irons;

recording secretary, Mrs. Dorothy aas; financial secretary, Mrs. Peary Kabler; treasurer, Mrs. Vida Wenderoth; degree captain, Mrs. Bertha Myers; deputy president, Mrs. Bertha Corey; trustee for three years, Mrs. Elsie Crosby. Officers of the lodge will be in charge of the annual Christmas party Monday evening, Dec. 19, beginning with a coverdish supper at 6.

White Co. To Build New Cleveland Plant

CLEVELAND, Dec. 8—(AP)—White Sewing Machine Co., directors yesterday authorized expenditure of a nestimated \$3,500,000

for a new engineering and office building and an addition to the plant.

At the same time, they voted a common stock dividend of \$1.25 a share, payable Dec. 28 to stock of record Dec. 20. The payment will bring the 1949 total paid on 349,271 shares of common stock to \$3 a share.

SHIP TRAFFIC UP

CLEVELAND, Dec. 8—(AP)—The number of ships operating directly between the Great Lakes and foreign ports this season set an all-time high with 25 vessels making 71 sailings: Last year 22 vessels had a total of 56 sailings, and in 1947 only 10 ships made 37 sailings.

BURKHARDT'S BEER WINS OHIO CITIES' TASTE TESTS

Skill will tell! Burkhardt's Beer was the winner when hundreds of bottles of the beers most popular in Springfield were compared in a city-wide taste test.

When Mr. Fred Laird praised the full hops flavor of Burkhardt's, his taste told him that we use only the choice center buds of sun-ripened hops. He knows that our slogan "Burkhardt's—from the HEART of the hops" is true. He is keenly aware of the fine flavor that helped Burkhardt's win the Springfield Taste Test.

CHRISTMAS FRUIT CAKE ... With varied sauces ...

THIS YEAR try a new holiday dessert. Serve your Christmas fruit cake with a wonderful array of sauces. You can make both the cake and the sauces well in advance—they'll keep beautifully for several weeks.

Both the cake and the sauces are perfect for gifts. The cake may be baked in aluminum foil containers and then simply wrapped with ribbon. The sauces can be packed in covered containers—the latter to double for refrigerator jars later on.

CHRISTMAS FRUIT CAKE

Ingredients: 1 cup mincemeat, 3 medium-sized apples (peeled and cored), 1 cup raisins, ¼ cup cup candied cherries, 2 ounces citron, 1 cup orange juice, 2 cups sifted all-purpose flour, 1 teaspoon baking powder, ½ teaspoon salt, 1 teaspoon cinnamon, 1 teaspoon ginger, ½ teaspoon nutmeg, 1 cup sugar, 2 eggs (well beaten), ½ cup molasses, 1/3 cup butter or vitaminized margarine (melted), 2 teaspoons sherry flavoring, 2 teaspoons brandy flavoring.

Method: Put mincemeat, apples, raisins, cherries and citron through a coarse grinder and stir in ½ cup of the orange juice. Mix and sift the flour, baking powder, salt, cinnamon, ginger, nutmeg and sugar. Mix the eggs and molasses together; heat the remaining ½ cup orange juice and add; gradually beat in the melted butter or margarine. Add sifted dry ingredients and stir until smooth. Fold in fruit and flavorings. Pour into 2 well-

greased glass or metal 1-quart size loaf or round pans. Bake in a moderate (350F.) oven for 1½ to 2 hours.

ORANGE CITRON SAUCE

Ingredients: 2 tablespoons butter or vitaminized margarine, 1 cup confectioners' sugar, 2 tablespoons finely chopped citron, 1 tablespoon orange juice, ¼ teaspoon orange flavoring, dash of salt.

Method: Cream the butter or margarine; gradually blend in the sugar; add the citron, orange

juice, flavoring and salt and mix well.

HOLIDAY SAUCE

Ingredients: 2 tablespoons butter or vitaminized margarine, 1 cup confectioners' sugar, 2 tablespoons brandy flavoring, dash of salt.

Method: Cream butter or margarine; gradually blend in sugar, flavoring, and salt and beat well.

CAMEL WALNUT SAUCE

Ingredients: 1½ cups sugar, ½ cup butter or vitaminized margarine (melted), dash of salt, ¼ cup finely chopped walnut meats.

Method: Stir sugar in saucepan over low heat until melted; add butter or margarine and salt, and stir in walnuts.

Leetonia Notes

LEETONIA, Dec. 8 — A piano recital for the 38 boys and girls who are pupils of Mrs. Carol Fisher Davis will be held at 4 p. m. Sunday at the Methodist Church. The program will consist of solos, duets, trios, quartets and organ music. The public is invited.

Mrs. D. H. Schaeffer of Corapolis, Pa., and her daughter, Mrs. Willard Dressler of Chicago, who is visiting her parents, spent the weekend with Mrs. Schaeffer's brother-in-law and sister-in-law, Mr. and Mrs. Oren Deffenbaugh.

Goodrich President Wants Competition

NEW YORK, Dec. 8—(AP)—John L. Collier, president of the B. F. Goodrich Co., yesterday said he welcomes healthy competition between natural and synthetic rubber.

He made the statement in commenting on a recent announcement that French and British Far Eastern rubber growers would spend about \$1,000,000 in the United States next year to promote the use of natural rubber.

Collier says the competition will stimulate progress by rubber growers, producers of man-made rubber and manufacturers of rubber products.

The United States consumes more than three times as much crude rubber as any other nation in the world, he said.

CIRCLE TO MEET

DAMASCUS, Dec. 8 — Mrs. Elizabeth Stacy will entertain associate members of the Rebecca Coleman Missionary Circle next Tuesday evening. A grab bag for the Christmas exchange will be a feature.

Homeworth Notes

HOMEWORTH, Dec. 8 — Mr. and Mrs. Harold Eckert and Mr. and Mrs. E. J. Grove returned home Monday from a trip to Washington, D. C., where they were guests of Col. and Mrs. Gage Spies.

They attended the Army-Navy football game in Philadelphia Saturday. On Sunday they visited with Capt. and Mrs. Norman P. Glass and daughter, Elsa, recently located in Fairfax, Va.

Capt. Glass is a nephew of Mrs. Eckert.

Committees have been named and plans are being made for the Christmas programs which will be held at the Church of the Brethren Sunday evening, Dec. 18.

Mrs. Lloyd Himes returned

home from the Salem Clinic Monday.

Mrs. Pearl Jackson, whose hand was seriously injured in a clothes wringer some time ago, is improved.

Mrs. Isabel Saffell and son, John, were recent guests of her mother and sister in Cleveland.

CLUB TO HAVE SUPPER

DAMASCUS, Dec. 9 — Members of the Merry Mixers club will be entertained by associate Mrs. Bren Griffith Wednesday, Dec. 14. A coverdinner will be served at noon and Christmas gifts will be exchanged.

Women Can't Work In U. S. After Marriage, Russians Told

By INEZ ROBB
NEW YORK, Dec. 9—(INS)—If it is suddenly discovered that most of America's white collar girls are living in sin, capitalism is to blame.

The gals are willing to make it legal. But they don't if they want to latch onto their jobs.

This dire situation has been brought to light by Mrs. Muriel Draper, the stylish American Lady Pinko, who is now bustling about the U. S. S. R. telling the Russian girls that American working women get the gate from imperialistic bosses the moment they, the girls, make honest men of their suitors.

Enterprising American working girls who get their man and a wedding band one day, get the industrial axe the next, says Mrs. Draper. Marriage is the economic fate worse than death for any hard working steno or file clerk.

"It is a crime to work if you love," Mrs. Draper is telling the muscle molls behind the Iron Curtain.

MRS. DRAPER RECENTLY flew to Moscow with Mrs. Paul Robeson to add light to the convention of the International Democratic Women's Federation. There Mrs. Draper revealed that capitalism has given a new twist to the age-old question that supposedly haunts some married women, even in America, "should she tell him?"

For the first time since some stone-age belle first wrangled with this staggering moral ques-

tion, the "him" referred to does not mean the lady's spouse, but her boss. And the vital question is "should she tell him she is married?" and get canned. Or should she keep her lip buttoned up and clam onto her pay check?

Should she live in sin? Or get married and try to disguise the fact? This latter poses the question of how to conceal, over a long period, a man around the house old enough to mix martinis, shave and be trusted with the vacuum sweeper.

In the long run this deception could develop into the same kind of intolerable situation that has driven even the most determined Broadway ingenues to become character actresses. It is a delicate problem to be an eternal ingenue with a six-foot off-spring in the cupboard or in Rutgers.

In the long run, Belinda, the beautiful sewing machine girl, runs the risk of having her boss say some day:

"Who was them gentlemen I seen you out with last night?" And Belinda, caught off guard at last, can only hand her head and honestly reply:

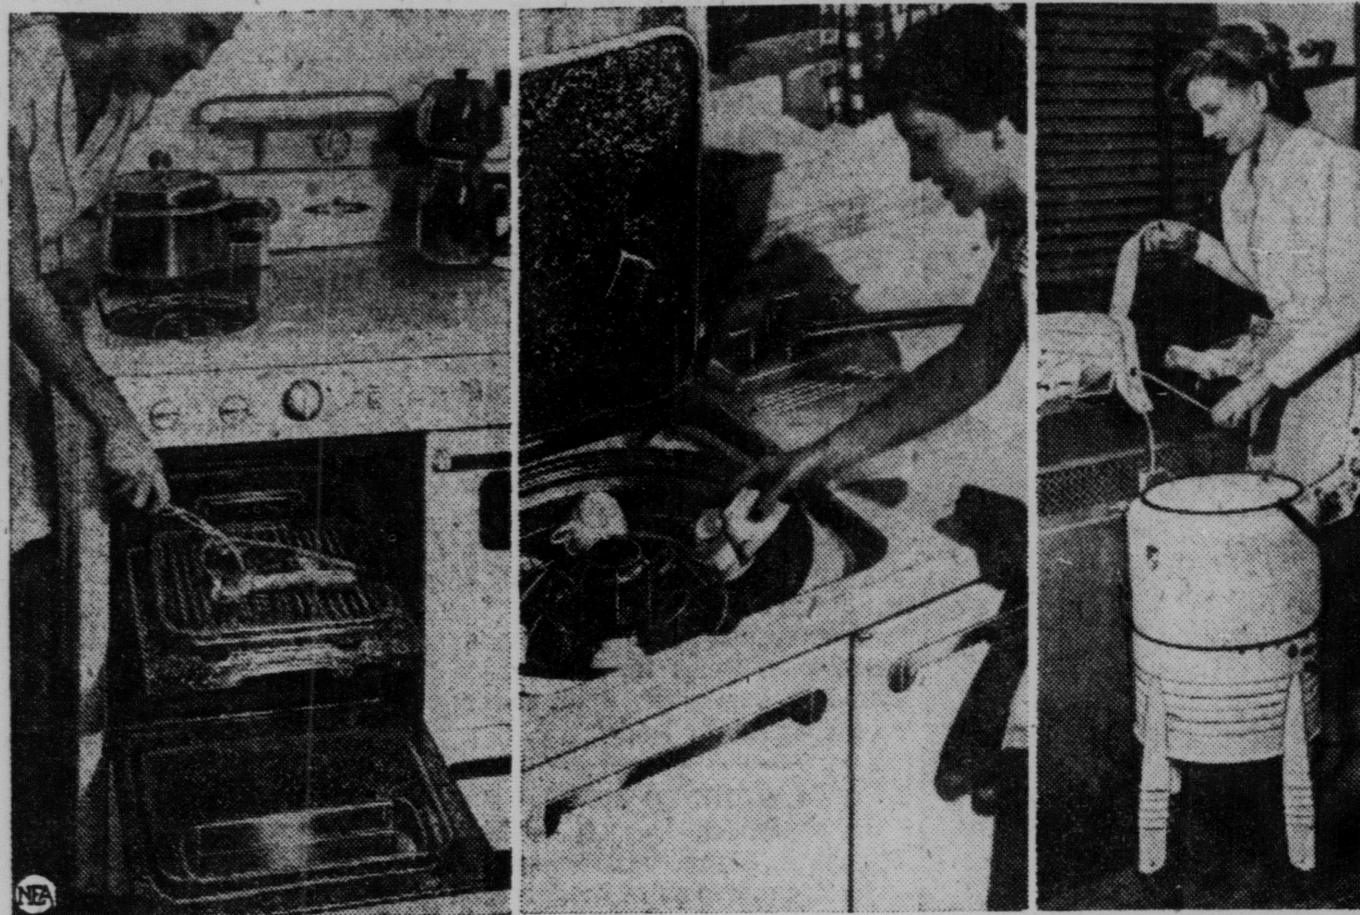

"Them weren't no gentlemen, Mr. Potts. Them was my husband and the kids."

I HAVE BEEN MAKING INQUIRY in assorted offices of capitalist enterprises ever since I read Mrs. Draper's messages to Soviet womanhood. Far from being in disfavor, it seems that marriage is not only considered economically respectable for women employees, but almost de-rigueur.

Makes 'em—the ladies—more settled and less flighty, the bosses say. Gives the girls stability and some place to go nights beside the roller rinks.

Mebbe Mrs. Draper has some inside info to which I am not privy. Or mebbe she just had a bum steer. Or mebbe the newspaper business is broad-minded. But it doesn't seem to mind marriage at all. I have been married twenty years, and the only time I have been harried is when a publisher kept harry-

ing me with the offer of a better job until I said "yes." Haven't had but two jobs in the whole twenty years.

This office is so romantic! even the desks hold hands, and in the spring we can hardly do a thing with the typewriters. We love love. Almost everyone is irrevocably married around this capitalist stronghold except the office girl, and she's saving her money and weaving a trap by lamp light.

Fairfield Notes

The music department of Fairfield School, under the direction of G. Robert Smith, will present its annual Christmas program, Thursday night, Dec. 22, at 8 p. m. in the school auditorium.

This year the program will be in the form of vocal and instrumental music, made up of the boys' and girls' glee clubs, the Choral club and most of the Junior High pupils, as well as instrumental pupils, a total of 100 in all.

Decorations are being planned and a varied program is promised. The audience will be able to participate.

Mr. and Mrs. Daniel Kleon of Salem were weekend guests of Mr. and Mrs. Thomas French.

Edgar Bell has returned from a week's deer hunting trip in Pennsylvania.

John Witmer and daughters, Emma and Nettie, were Sunday dinner guests of Mr. and Mrs. Elmer Culler.

The Fortnightly Club will hold its annual Christmas party at the home of Mrs. Belle Kyser, Lisbon, Dec. 14, with a covered dish dinner at noon. A gift exchange will be a feature.

Miss Molly Malone and Miss Joann Little were guests of Miss Yvonne Cope at dinner Sunday in celebration of her birthday. Yvonne received gifts from the girls and they attended the theater in the afternoon.

Mrs. Clara Brubaker spent Saturday with Mr. and Mrs. Myron Brubaker.

Mr. and Mrs. Roy Kridler and sons, Miss Alberta Windle, Ira Esterly and Fred Lynn were Sunday dinner guests of the latter's parents, Mr. and Mrs. Adin Lynn.

Vacancies Exist At Columbiana

Incoming Mayor To Make Appointments

COLUMBIANA, Dec. 8.—Resignations submitted to city council Tuesday evening, and accepted, took the remaining two members of the three-member cemetery board and vacated other posts for the incoming Democratic mayor and council to fill.

H. C. Nolan, chairman, and Robert Chestnut, of the cemetery board, resigned, and the vacancy caused by the death of Charles E. Keller, the remaining member and clerk of the board, late last summer had not been filled.

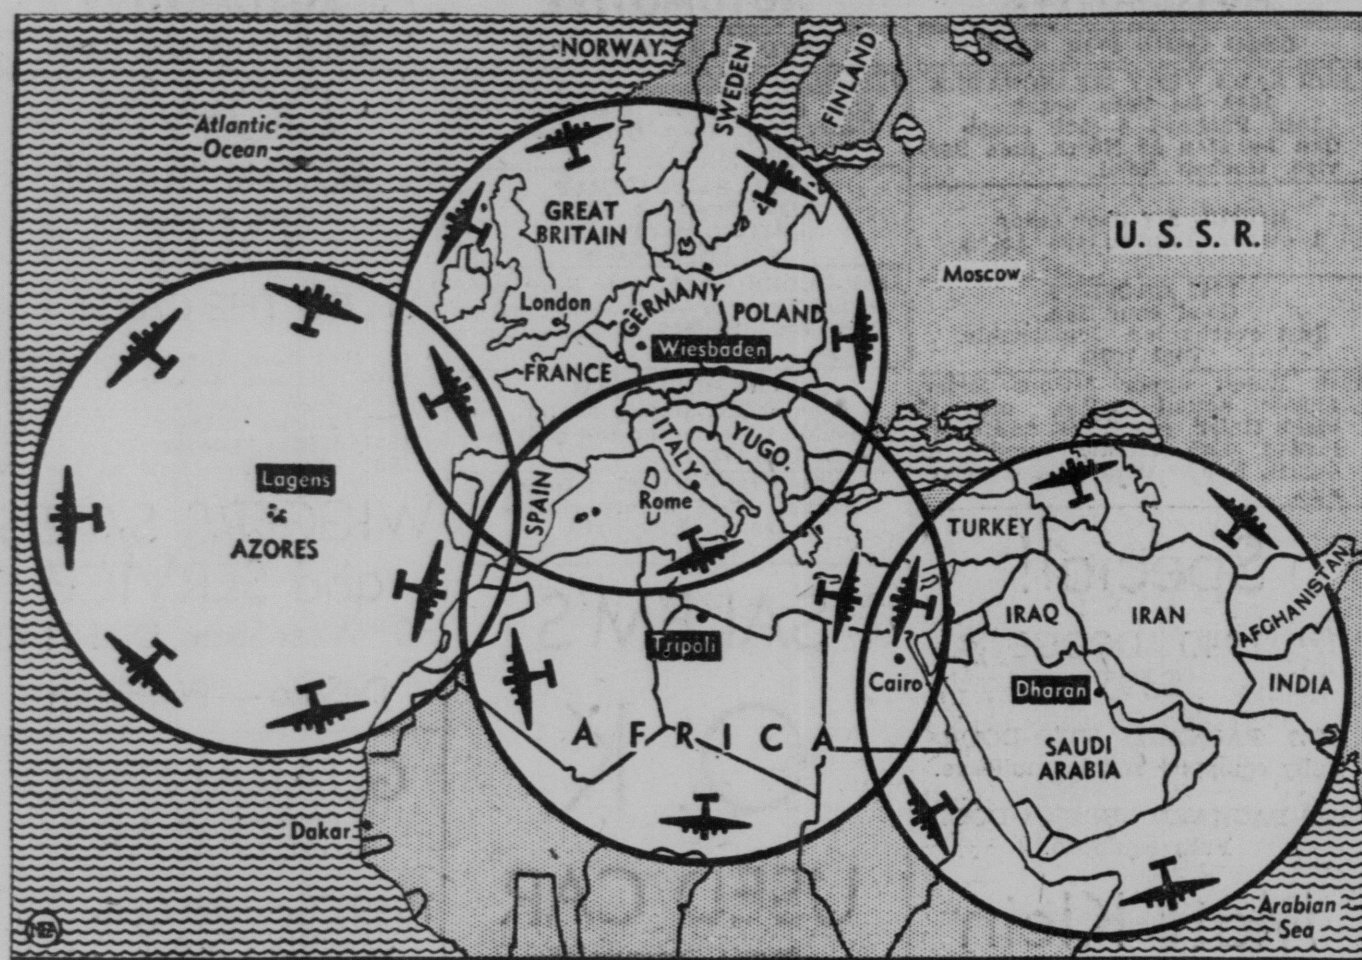

Thomas B. Dodds resigned as part-time extra policeman because he found the work too much in connection with his regular occupation, and Fred Lodge resigned as traffic court justice.

At the request of the mayor and council, Attorney R. G. Oakes, whose resignation as solicitor was accepted last week at his insistence, consented to advise the mayor and council until their terms expire at the end of December.

An excess of \$1,900 in the police fund and \$500 in the fire apparatus fund was transferred to the police car and fire truck fund.

The ground has been prepared for the planting of shrubbery along the frontage of the municipal dump on Route 14, northwest of town. Shrubby along the west side of its parking lot on Union st. is being donated by the National Rubber Machinery Co., and the street department is awaiting favorable weather conditions for transplanting.

Clerk S. Richard Orr informed the mayor and council that the

WORLD RESCUE SQUADS FOR U. S. AIR FORCE.—Wiesbaden, Germany, is the headquarters of a new airborne rescue unit being organized by the U. S. Air Force to sweep one-eighth of the world's air-lanes in searches for missing planes. Four flights of B17 Flying Fortresses carrying aerial lifeboats will operate from Lagens in the Azores; Tripoli; Dharan, Saudi Arabia, and Wiesbaden. The map above indicates general areas to be covered from each outpost. In addition to B-17s, each rescue team will include one C-82 "flying boxcar" and a helicopter which it can carry.

county auditor has set the budget hearing for next Tuesday morning at 10 at the courthouse in Lisbon.

50 Penney's Employees Will Get Special Pay

Fifty full-time employees of the Salem J. C. Penney store will benefit by the special payment of an amount equal to two weeks pay authorized by the company.

Payments will be made in a proportionate basis for extra and part-time associates, according to H. D. Smith, manager, and are additional to the thrift and profit-sharing plan.

SAME OLD FEET.—Errett Mills, 60, smiled and meant it at Louisville, Ky. Both of his feet were severed in a power saw accident Oct. 8. He told doctors he wanted to die but they wouldn't listen. Instead they performed a daring operation that rejoined feet and legs at the ankle. The surgery has been termed a complete success.

Kresge Employees Get Christmas Bonuses

Twenty Kresge employees in Salem will receive cash remembrances at Christmas from the S. S. Kresge Co., announces S. W. Jackson, manager of the local store.

This marks the 29th year that the company has distributed cash remembrances to its employees at Christmas. All full or part-time employees hired before December 15 of this year are eligible. Length of service determines the amount of each individual gift.

HEARTBREAKING decision faces parents of little Dean Ault, 2½, Seattle, Wash., who lost his right eye some weeks ago from cancer. An eye specialist has told them that unless the other eye is removed, the growth will spread to it, and eventually reach the brain, meaning death.

Flying Family Undaunted By Death

JOHNSTOWN, Pa. Dec. 8 — (AP) — Eight-year-old Douglas Grube of Columbus, O., is undaunted by his family's record of two airplane crashes—one of which killed his father.

Some day, says his mother, Douglas may fly the plane in which his father, Paul, 41, was fatally injured near here ten days ago.

Mrs. Grube, Douglas and other relatives viewed the wrecked plane, now in storage. Said Mrs. Grube:

"Douglas already wants to fly. I believe Paul's plane can be repaired. If it can, Douglas some day will fly it."

Her husband, executive vice president of the E. I. Evans Co., consulting actuaries at Columbus, was killed when the plane nosedived to earth near Portage. He was lost in a fog and was believed trying to make a landing.

Columbiana Kiwanians To Hold Ladies Night

COLUMBIANA, Dec. 8—Ladies' Night, in connection with the annual installation of officers, will be observed by the Kawanis Club next Monday evening, with dinner at the Methodist Church.

Ike Driver of Cleveland, past Kiwanis district governor of Ohio, will conduct the installation. He will be accompanied by Jack Smith, song leader and entertainer of Cuyahoga Falls. Clark Marshall of Leetonia is program chairman.

At the meeting of the club Monday evening, reports were heard from club members who attended the school of instruction for officers-elect of the tenth division in Wellsville Sunday. They were William Longshore, president-elect; R. J. Barrow, vice president-elect, and William Furney, secretary-elect, Dr. C. W. Dewalt and Clark Marshall, former lieutenant governors of the tenth division, also attended the school.

James H. Churchfield, chairman of the committee for the purchase of a slide and film projector for the elementary grades of the Columbiana schools, demonstrated the machine with travel films provided by Dr. Dewalt. It will be presented at a meeting of the Grade School Mothers' Club.
